U. S. Links Viet Peace Prospects To War's Course

WASHINGTON (AP) — In the judment of U.S. policy makers the prospects for peace in Viet Nam are more likely to be decided by the course of combat over the next several months than by diplomatic maneuvers in this and other world capitals.

Officials say President Johnson is determined to press his peace offensive at every opportunity, even while expanding military operations.

At the moment officials here are looking to a conference of British Commonwealth leaders in London for some possible new move for the negotiations. The Johnson administration will undoubtedly welcome one, if it comes.

Several other peace conference possibilities, arising from proposals made in the past by Britain, India and the United States among others, are still open. The possibility that Johnson might order another pause in the bombing of North Viet Nam is not ruled out, officials say.

—:—

BUT THE CONVICTION in high quarters here today is that the Communist North Vietnamese, the Red Chinese and the Red Viet Cong leaders in South Viet Nam still believe they can win the war. They are therefore not interested in negotiations at this time on any terms acceptable to the United States and South Viet Nam.

This conclusion is drawn in a still secret, 13-point paper, summarizing peace moves on Southeast Asia over more than four years. The paper was recently prepared by the State Department for Johnson and lists 13 major types of peace probes and proposals, all of which have faltered or failed.

The basic assessment in Washington of the current Vietnamese situation is that with the recent onset of the monsoon season the Communists decided on major offensive operations in the belief that bad weather would seriously hamper U.S. air actions. The Communists thus would hope to win extensive victories on the ground in South Viet Nam.

The U.S. counter strategy for this period is to convince the Reds that they cannot win in this manner and that the United States will throw into the fight whatever is required to prevent their taking over South Viet Nam. The U.S. hope is that after several months the Communists will be compelled to reassess their position and prospects, perhaps taking a different view of peace negotiations.

AGAINST THIS background, Secretary of Defense Robert C. McNamara announced Wednesday that 16,000 to 21,000 more American troops are going into South Viet Nam in the immediate future. They will raise total

50 Miles From Hanoi

U. S. Jets Down 2 MIGs In Viet

SAIGON, South Viet Nam (AP) — Two U.S. Navy Phantom jets shot down two Communist MIG17 fighters in flames today in a dogfight 50 miles south of Hanoi, a U.S. military spokesman announced.

The clash occurred while the Phantoms were flying escort for other U.S. warplanes bombing targets about 20 miles north of Thanh Hoa.

The spokesman said four Communist jets appeared and turned toward the American planes as if they were going to attack. But apparently they were hit before they had a chance to open fire, he said.

One parachute was seen opening, but it was not known what happened to the Communist pilot. The other two MIGs escaped.

One plane was shot down by Cmdr. Louis C. Page of San Diego, Calif., who told newsmen in Saigon, "This was the first enemey aircraft I have shot down. Other than that, we were just doing a job."

The pilot of the second Phantom, Lt. (j.g.) E. D. Batson Jr. of Buffalo, N.Y., said: "I'm tickled to death."

The spokesman said the dogfight lasted only 29 seconds and that the Phantoms hit the enemy with air-to-air missiles.

It was presumed that the MIGs were North Vietnamese, although Navy planes have had one brush with Communist Chinese MIGs off Hainan Island, in the Gulf of Tonkin.

The Phantoms were flying at an altitude between 10,000 and 20,000 feet when they spotted the hostile aircraft.

Page was asked how they knew the MIGs were about to attack.

"If he's in your general area and headed toward you, you have to assume he's up to no good," the pilot replied.

The MIG17 is of Korean War vintage, armed with one 37mm cannon and two 23mm cannon. The Phantom, one of the fastest and most heavily armed fighters in the American arsenal, is equipped with heat-seeking Sidewinder missiles which home in on the exhaust trail of enemy jets.

The two pilots flew with their radio intercept officers to Saigon for a news conference. Page's officer was Lt. John C. Smith Jr. of Belleview, Ill., whose wife and children live in Powan, Calif. Batson's officer

9 More Combat Divisions

21,000 More U.S. Troops Head For Viet War Zone

WASHINGTON (AP) — The United States is stepping up its war effort in Viet Nam another notch, with 16,000 to 21,000 more American troops headed for the war zone.

Secretary of Defense Robert S. McNamara said Wednesday that nine more Army and Marine combat battalions, with supply and service units "will be in place in a few weeks."

The augmentation of American troop strength, long predicted, was taken at the request of the South Vietnamese government, the defense chief told a news conference. It will bring the total of U.S. troops in Viet Nam to between 70,000 and 75,000, he said.

Will still more go later?

McNamara parried that question this way:

"The secretary of state and I and the President have repeatedly said that we willl do whatever is necessary to achieve our objective in South Viet Nam, and we won't do more than is necessary."

A week ago, the State Department and White House had versions about whether U.S. troops now could be committed to offensive action, rather than only defensive. The question came up again, in another form, in McNamara's news conference: What is the mission of U.S. ground combat personnel?

McNamara replied that the mission is to protect bases where there are heavy concentrations of aircraft, equipment and personnnel, then added: "In addition, if the Vietnamese military commanders request the assistance of U.S. troops, U.S.

American Dead Put At 23 Thus Far In Dominican Strife

SANTO DOMINGO, Dominican Republic (AP) — The toll of American dead in the Dominican Republic has risen to 23 with the announcement that three U.S. paratroopers were killed in shooting this week.

The rebel leader, Col. Francis Caamano Deno, claimed Wednesday that 67 Dominicans were killed and 265 wounded in the heavy firing between U.S. forces and rebel supporters on Tuesday.

The Inter-American Peace Force announced that a U.S. paratrooper was killed Wednesday morning and two other U.S. soldiers died of wounds suffered in the fighting Tuesday.

Another 33 U.S. soldiers were reported wounded in shooting Tuesday and Wednesday between the peace force and the rebels in downtown Santo Domingo. A Brazilian officer wounded Tuesday was taken off the critical list.

Firing was heavy for more than three hours Wednesday afternoon along the northern corridor of the international security zone. U.S. paratroopers fired 50-caliber machine guns, recoilless rifles and other automatic weapons at buildings in the crowded slum area where snipers were believed hiding.

Caamano gave his report of casualties in the rebel sector at a news conference and accused U.S. troops of committing "an act of genocide without precedent in our country." The previous unofficial count of Dominican casualties was 26 dead and more than 75 wounded.

The rebel leader charged that a Red Cross center in Ozama fortress was "grotesquely bombed" and women and children were killed in the fortress on the west bank of the Ozama River. It faces U.S. positions on the east bank.

FBI Arrests Man In Threat On President

DAYTON, Ohio (AP)—A former Air Force captain with a record of mental illness dating back to his retirement 20 years ago has been charged with threatening to kill President Johnson.

Federal agents arrested Dorsey Lee Webster, 54, of Richmond, Va., Wednesday and charged him with threatening the President's life in a series of telephone calls to the White House Tuesday.

The calls were taken by a Secret Service Agent who reported Webster as saying, "I'm going to kill Johnson. I'm going to kill that s.o.b."

Agents said the calls were traced to the bachelor officers quarters at Wright - Patterson Air Force Base, where Webster had rented a room Monday on his arrival here from Cincinnati.

Two other residents of the quarters reported they overheard Webster make the calls.

Secret Servie agents said Webster's records show he was given a 100 per cent disability discharge in 1945 and has been in and out of psychiatric hospitals since then.

Post Office Will Hold Open House

Open house will be held on June 27 from 2 to 4 p.m. at this new post office in New Cumberland.

The facility, located on Ridge Ave., is part of the U.S. Post Office Department's lease construction program, Postmaster Earl E. Bennett explained. Under it, investment financing is used to obtain needed facilities, which remain under private ownership, pay local taxes and are leased to the federal government.

"The fact that New Cumberland has been chosen for a new post office," Bennett said, "reflects credit on our growing contribution to the economy.

"Our patrons will derive more enjoyment from doing business here. Their mail will be handled more efficiently and this building and its up-to-date equipment will enable postal employes to work under the best of conditions."

The postmaster noted that "mail business in this area has gone up," pointing out that 10 years ago revenue was $13,317 compared with $26,155 today.

4.6 Billion Okayed By Conferees

Quick Approval By House Due Today For Compromise

WASHINGTON (AP) — Congress set up a tight schedule today to bring price cuts through excise tax reductions to U.S. consumers at the earliest possible date — perhaps Saturday.

Conferees from the House and Senate agreed Wednesday night on a compromise excise tax bill ultimately trimming $4.6 billion a year from the levies on a wide variety of goods, from automobiles to matches.

House leaders plan, barring unforeseen setbacks, to take up the compromise bill as the first order of business today. Since the conference version closely resembles the bill the House has already passed, quick approval was expected.

Sen. Russell Long, D-La., one of the principal Senate conferees, said that chamber will act as soon as possible after the House votes.

Such a legislative schedule could send the measure to President Johnson in time for him to sign it Friday, bringing most tax cuts into effect Saturday.

Actually, the initial 3 per cent reduction in the automobile excise — $70 on an average car — and the repeal of the 10 per cent levy on the manufacturer's price on air conditioners are retroactive to May 15. Anyone who purchased such an article on that date or later would be eligible for a refund.

Tax cuts going into effect the day after the President signs the bill include repeal of the 10 per cent retail excise taxes on jewelry, furs, toilet preparations and luggage, and of the

Fair Housing, College Bills Are Advanced

Senate Vote Strikes Racial Bias; Three Universities OK'd

COLUMBUS, Ohio (AP)—Major bills on "fair housing", welfare and state universities have taken big strides forward in one of the fastest-moving sessions of the 106th Ohio General Assembly.

The Senate voted at a marathon session Wednesday to ban racial discrimination in housing and to clear the way for new state universities in Toledo, Dayton, and Akron.

Representatives passed and sent to the Senate an omnibus bill placing public assistance programs in the hands of counties. They also approved a statewide pension program for police and firemen.

Senate passage of the "fair housing" bill came after unsuccessful attempts by Republicans to weaken it and a futile bid by Democrats to give it more teeth.

As finally passed by a 22-10 vote, the compromise measure was exactly the same one recommended for passage by the Senate Commerce and Labor Committee following weeks of stormy hearings.

The measure, which now goes to the House, would make it unlawful to:

Discriminate in the financing of housing.

Discriminate in the advertising for sale or rental of housing.

Discriminate in the sale or rental of housing with exemptions provided for owner-occupied dwellings of four units or less.

$4.2 Billion Public Works Fund Okayed

WASHINGTON (AP) — The House Appropriations Committee today approved $4,241,636,500 to finance the government's far-flung public works programs during the fiscal year starting July 1.

This is $132,168,500 less than President Johnson requested, the largest reduction being in funds for the Atomic Energy Commission.

The AEC was alloted $2,354,995,000 of the $2,481,000,000 it sought.

Worst In 30 Years

Disastrous Flood Hits Denver Area

DENVER (AP) — The worst flood in more than 30 years pounded Denver and communities to the south Wednesday night and today, leaving hundreds homeless, ripping out bridges, and causing millions of dollars in damages.

Most of Denver was without power during the night and early morning as a result of flooding of the huge Public Service Co., power plant.

No loss in life has been reported.

Floodwater roaring out of mountain cloudbursts raced down the South Platte River late Wednesday. The floods struck after tornadoes ripped through Palmer Lake south of Denver and also pounced down in an area southeast of here.

At the Valley Country Club, three golfers on the course were injured as terrific winds smashed flimsy shelter houses in which they had sought refuge.

Hundreds of persons living close to the South Platte River had to leave their homes. They were given shelter in schools and other buildings.

Water flowed into motels, restaurants and other business houses at the south edge of Denver.

Water from the South Platte overflowed into the railroad yards at the lower end of 17th Street. Union Pacific tracks at the north end of the yard were washed out. Passengers were transferred to busses and driven to a hotel.

The crest of the South Platte flood struck shortly before midnight. Another crest, three hours later, flattened out before reaching the metropolitan area.

The second crest was reported by the Colorado Highway Patrol to be about 15 feet high — roughly the size of the initial surge — when it reached Waterton, 16 miles above Denver.

Even as the second threat melted away, the first crest was moving out onto the prairie lands northeast of Denver.

Evacuation warnings were sounded ahead of the rising waters and most residents of low-lying areas got out well ahead of the wave.

A power failure blacked out much of downtown Denver shortly before midnight. Other sections of the city also were affected.

At Meyers Lake Park

Big Crowd Due Saturday For 37th Potters' Picnic

Thousands of members of the International Brotherhood of Operative Potters from ceramic centers throughout the Eastern United States are expected to crowd Meyers Lake Park at Canton Saturday for the 37th annual Potters Picnic.

To help encourage an early crowd of potters and their friends, rides throughout the park will be free from 11 a.m. to 1 p.m. There are three exceptions — the roller coaster, a boat ride and a live pony ride.

The formal program will get under way at 1 p. m. with the traditional baby show in the park's dancing pavilion. Known as "the largest in Ohio," it generally attracts 300 or more entrants.

The contest will be divided into three age brackets: Up to 1; 1-2, and 2-3. The first place winner in each bracket will be given a $50 savings bond, with a $25 bond for second place and $10 in savings stamps for third place. Each entrant will receive a baby set made by IBOP members employed at the Canonsburg (Pa.) Pottery Co.

Immediately following the baby show, there will be a penny scramble on the dance pavilion's floor. Youngsters will scramble for 25,000 coppers scattered by members of the picnic committee. The age groups will be 5-7, 8-10 and 11-12.

The annual "junior bathing beauty contest" for boys and girls 4-7 will be held at 3 p.m. in the outdoor dancing area. The prizes will be the same as in the baby show, a $50 bond for

State Agency Delays Action In Water Plan

Decision Promised Shortly In System For Pughtown Area

The West Virginia Public Service Commission reserved a decision Wednesday on the application of the Tomlinson Public Service District for approval of a $370,000 water distribution system for the Pughtown area.

The state agency, at the hearing in Charleston, indicated it will hand down its decision in approximately 10 days after expressing some concern about the sufficiency of the proposed rates.

However, Atty. Edwin Flowers, one of the trustees, said today the district will not impose any higher rates, explaining a contract has been signed with some 280 customers.

Flowers said the district was disappointed that the state commission did not hand down a bench decision since it would have allowed an immediate start.

The trustees had sought approval of the $6.25 minimum monthly rate for the first 3,000 gallons, the wholesale price between the district and the city of New Cumberland, which will supply the water, and issuance of a certificate of convenience and necessity required before construction can start.

The trustees met Wednesday night in Pughtown and awarded

The licensee and waitress of a comparatively new club on Hancock County's Route 30 "Strip" were fined $50 and costs each early this morning after being cited by deputies from Sheriff Joseph Rodak's office for after - hours operation.

Jean Gillis, waitress at Win, Place and Show, was fined for dispensing beer after hours and John Gillis, licensee, was fined on a charge of permitting sale of beer after hours.

They were given hearings at 1:30 a. m. before Squire John D. Herron in New Cumberland.

Final Paving In Place For St. Clair Ave.

Crews made the last pour late Wednesday afternoon to complete the new 36-foot reinforced concrete surface of St. Clair Ave. between Princeton Ave. and the city limits.

But other concrete work still is continuing today, as crews construct the approaches to intersecting streets and links between the pavement proper and approaches to driveways.

Safety-Service Director Robert E. Vodrey said the final pour was made near Fisher Ave. The segment of the westerly lane between Princeton Ave. and Fisher Ave. was left until last.

Vodrey emphasized today that a 15-mile emergency speed limit still is in effect on the new stretch. That is because the new concrete, open to traffic for the most part, has not been cleared of slag, earth and other residue from the construction job, he said.

All the new pavement is open to traffic except the last segment which was poured, the stretch of the westerly lane between Princeton Ave. and Fisher Ave.

The street was poured in two segments — first the easterly 18-foot wide stretch and then the opposite lane of the same width.

Herman Brothers, Inc., of Youngstown is the general contractor for the $800,000 improvement. It was awarded a contract in June 1964.

The job is being done under a State Highway Department contract with local participation.

Worst In 30 Years

Disastrous Flood Hits Denver Area

DENVER (AP) — The worst flood in more than 30 years pounded Denver and communities to the south Wednesday night and today, leaving hundreds homeless, ripping out bridges, and causing millions of dollars in damages.

Most of Denver was without power during the night and early morning as a result of flooding of the huge Public Service Co., power plant.

No loss in life has been reported.

Floodwater roaring out of mountain cloudbursts raced down the South Platte River late Wednesday. The floods struck after tornadoes ripped through Palmer Lake south of Denver and also pounced down in an area southeast of here.

At the Valley Country Club, three golfers on the course were injured as terrific winds smashed flimsy shelter houses in which they had sought refuge.

Hundreds of persons living close to the South Platte River had to leave their homes. They were given shelter in schools and other buildings.

Water flowed into motels, restaurants and other business houses at the south edge of Denver.

Water from the South Platte overflowed into the railroad yards at the lower end of 17th Street. Union Pacific tracks at the north end of the yard were washed out. Passengers were transferred to busses and driven to a hotel.

The crest of the South Platte flood struck shortly before midnight. Another crest, three hours later, flattened out before reaching the metropolitan area.

The second crest was reported by the Colorado Highway Patrol to be about 15 feet high — roughly the size of the initial surge — when it reached Waterton, 16 miles above Denver.

Even as the second threat melted away, the first crest was moving out onto the prairie lands northeast of Denver.

Evacuation warnings were sounded ahead of the rising waters and most residents of low-lying areas got out well ahead of the wave.

A power failure blacked out much of downtown Denver shortly before midnight. Other sections of the city also were affected.

At Meyers Lake Park

Big Crowd Due Saturday For 37th Potters' Picnic

Thousands of members of the International Brotherhood of Operative Potters from ceramic centers throughout the Eastern United States are expected to crowd Meyers Lake Park at Canton Saturday for the 37th annual Potters Picnic.

To help encourage an early crowd of potters and their friends, rides throughout the park will be free from 11 a.m. to 1 p.m. There are three exceptions — the roller coaster, a boat ride and a live pony ride.

The formal program will get under way at 1 p. m. with the traditional baby show in the park's dancing pavilion. Known as "the largest in Ohio," it generally attracts 300 or more entrants.

The contest will be divided into three age brackets: Up to 1; 1-2, and 2-3. The first place winner in each bracket will be given a $50 savings bond, with a $25 bond for second place and $10 in savings stamps for third place. Each entrant will receive a baby set made by IBOP members employed at the Canonsburg (Pa.) Pottery Co.

Immediately following the baby show, there will be a penny scramble on the dance pavilion's floor. Youngsters will scramble for 25,000 coppers scattered by members of the picnic committee. The age groups will be 5-7, 8-10 and 11-12.

The annual "junior bathing beauty contest" for boys and girls 4-7 will be held at 3 p.m. in the outdoor dancing area. The prizes will be the same as in the baby show, a $50 bond for

State Agency Delays Action In Water Plan

Decision Promised Shortly In System For Pughtown Area

The West Virginia Public Service Commission reserved a decision Wednesday on the application of the Tomlinson Public Service District for approval of a $370,000 water distribution system for the Pughtown area.

The state agency, at the hearing in Charleston, indicated it will hand down its decision in approximately 10 days after expressing some concern about the sufficiency of the proposed rates.

However, Atty. Edwin Flowers, one of the trustees, said today the district will not impose any higher rates, explaining a contract has been signed with some 280 customers.

Flowers said the district was disappointed that the state commission did not hand down a bench decision since it would have allowed an immediate start.

The trustees had sought approval of the $6.25 minimum monthly rate for the first 3,000 gallons, the wholesale price between the district and the city of New Cumberland, which will supply the water, and issuance of a certificate of convenience and necessity required before construction can start.

The trustees met Wednesday night in Pughtown and awarded

Final Paving In Place For St. Clair Ave.

Crews made the last pour late Wednesday afternoon to complete the new 36-foot reinforced concrete surface of St. Clair Ave. between Princeton Ave. and the city limits.

But other concrete work still is continuing today, as crews construct the approaches to intersecting streets and links between the pavement proper and approaches to driveways.

Safety-Service Director Robert E. Vodrey said the final pour was made near Fisher Ave. The segment of the westerly lane between Princeton Ave. and Fisher Ave. was left until last.

Vodrey emphasized today that a 15-mile emergency speed limit still is in effect on the new stretch. That is because the new concrete, open to traffic for the most part, has not been cleared of slag, earth and other residue from the construction job, he said.

All the new pavement is open to traffic except the last segment which was poured, the stretch of the westerly lane between Princeton Ave. and Fisher Ave.

The street was poured in two segments — first the easterly 18-foot wide stretch and then the opposite lane of the same width.

Herman Brothers, Inc., of Youngstown is the general contractor for the $800,000 improvement. It was awarded a contract in June 1964.

The job is being done under a State Highway Department contract with local participation.

Grass Fires Ignited By Sparks Of Engine

EAST PALESTINE — A number of grass and brush fires were ignited along the Pennsylvania Railroad Co. tracks from Leetonia to Homewood near Beaver Falls Wednesday afternoon by a Diesel locomotive spreading carbon sparks from its exhaust.

City firemen quelled a grass fire in the E. Taggart St. area about 1:30, apparently started by the sparks.

Firemen were alerted to the danger by railroad officials at the same time an E. Taggart St. resident was telephoning the fire report.

Scranton Authorizes Hunting Lands Action

HARRISBURG — Use of Project 70 funds for the purchase of additional hunting lands in Washington County and three other counties was approved Wednesday by Gov. William Scranton.

The total of 4,644 acres will be acquired by the Pennsylvania Game Commission in Washington, Erie, Cumberland and Columbia counties, bringing to almost 12,000 acres the acquisitions already approved under the Project 70 provision which earmarks $5 million for this purpose.

Belle Acton cost $2,600 as a yearling and earned $353,063 as a pacing mare.

Could Be A Shot In The Arm

If they become a reality, the recreational facilities being planned by James F. Edwards as an adjunct to his race track at Waterford Park could prove a real shot in the arm in more ways than one to the East Liverpool area in particular and the district in general.

The extensive program ties in perfectly with the tourism which has been termed an essential phase of any comprehensive planning action on a local or area level.

A complex such as that envisioned by Mr. Edwards could not help but attract thousands of newcomers to the region. And the more newcomers the greater the possibility of "fringe benefits" in one form or another.

It doesn't require too much imagination to picture some of those who might arrive primarily for recreation sensing the potential of the upper valley to the point where their interests might be channeled in a more industrial direction.

The new recreational layout quite conceivably could serve as the "trigger" for some of the small diversified industries which the area needs so badly and has been seeking so energetically.

And with the promise of some 200 people being employed in the operation of the various facilities contemplated, the recreation center itself could rightfully be classified as one of these same diversified industries.

Mr. Edwards has demonstrated a faith in the district's future which we hope others in a position to do so will emulate.

A Booming 4-H

Things continue to look up on the 4-H front in Columbiana County, with 12 new clubs now taking part in an already extensive program.

Mere numbers mean little without the proper leadership and interest to go with them. But in view of past accomplishments and with activities booming on many fronts even during the summer, the leadership and interest appear to be there.

We're taking the liberty of adding two more H's to the four that have served so long and so faithfully. They stand for "Happy Hunting" in the ever-broadening program.

Twice As Big As Life

Washington's newest monument to bureaucratic empire-building will cost from $30 to $32 million, it is said, and will house some 6,000 Army and Air Force personnel who cannot now be squeezed into the gigantic Pentagon and are scattered piecemeal around the capital.

Translated from bland bureaucratese into taxpayer vernacular, this means the federal spenders who believe nothing is too good for big government are squaring off to piddle away at least another $100 million on an architectural mish-mash that won't suit its occupants, who will be only a fraction of the 6,000 employes now said to be ill-housed and therefore slated for better quarters.

It then will take another $100 million building to handle the overflow, but by that time there will be still another overflow and someone will be proposing the demolition of the Pentagon, itself, so the spenders can authorize a 200-story building designed like a dollar sign, estimated to cost $2 billion but which will cost $20 billion when all the change orders have been carried out and the overstuffed chairs and deep-pile carpeting put in place.

At the last minute, it will be discovered some genius forgot to connect the flush toilets to the sanitary sewers and all the elevators were put in sideways—and that will cost another billion.

Most public buildings turn into snafus before they're finished, but in Washington the snafus are doubled and redoubled, on the established principle that everything in the federal government must be twice as big as life and 10 times more expensive.

Order Of The British Empire

Britain's war heroes are returning their own royal citations to protest bestowal of the Order of the British Empire on the Beatles.

In a televised interview after they had received the Order of the British Empire, the famed Beatles did not act overwhelmed, though it may be assumed they were aware that bestowal of the honor was going to be questioned.

It is tempting to make snap judgment on these four young men who have gained fame and fortune by their peculiar style of singing — a style so peculiar some critics refuse to call it musical.

But snap judgment about their talent and the "art" they are engaged in misses the mark. The Beatles won fame and fortune not by being great vocal artists but by being successful entertainers.

They were not given the Order of the British Empire in recognition of musical accomplishments but in recognition of their acceptance as the most successful of all Britain's entertainers who have tried their luck in the United States.

Britain's war heroes returning their citations shouldn't object to the Beatles, Queen Elizabeth, nor the people who advise the queen.

They should object to America's teenage girls for making a fad of what otherwise could have been shrugged off as a burlesque of the art of vocal and instrumental music. It has puzzled all of us.

What Happened To Wampum?

All this talk about silver-less coins and shrinking the silver contents of other coins opens a whole field of self-inquiry about the value of money. What makes people believe in it?

Silver abandonment isn't as radical as going off the gold standard, but despite the soothing reassurance of experts who know all about money it's a shock to some deep-rooted ideas.

The classic trouble with these experts is that they do not have the privilege of peddling their expertise to other experts. They must do business with ordinary people, with badly informed, unsophisticated people who do not know why fiat money finally has come to the United States to stay—with people who don't even know what fiat money is.

But they have heard of wampum, which was shell beads used as a medium of exchange by American Indians. The beads had two important things about them:

1. They were considered the most valuable article in the world.

2. They were believed to be capable of stopping nosebleeds.

Wampum had intrinsic value.

But at the same time it was in demand only as wampum. Unlike silver, which is in rising demand for many uses, including coinage, there was no commercial competition for the stuff.

White men finally saw and seized the opportunity to make artificial wampum. Everything went fine until the Indians learned that the stuff which looked like real wampum wasn't wampum.

They lost confidence in wampum at that point. Afterward, the stuff was seen only in ceremonial belts and museum displays.

The wampum imitators had outwitted themselves. Fiat wampum didn't work.

Purely Personal

By Truman Twill

I think high school students should learn fundamentals of electrical wiring, plumbing and central heating so they will know how to cope with problems of household maintenance in their adult years. I contend this is more important than learning how to make fudge and footstools.

It's funny how often we itsy-bitsy mice wonder how big cats grow so big and later discover to our amazement that it was done on borrowed money lent to them by other big cats, who aren't going to get it back because the cats weren't so darned big after all.

All my life I have admired people who can prop a telephone between their shoulder and their ear and keep it there while operating a typewriter. I am structurally wrong for this trick; my neck is too long. Either that or the telephone is too short.

I respect the views of doctors who say they will boycott Medicare. I respected the views of doctors who said they would boycott Blue Cross, when it was new. I do not believe doctors should treat any patient against their will, despite the fact doctors are licensed under sovereign authority, which means all of us.

I reject the idea that chronological age opens a chasm between my generation and today's college generation. The chasm is created by attitude, not age. There is deeper disagreement between college students, themselves, than between like-minded oldsters and youngsters. Call me "Sonny."

Uncertainty is what happens when you have to decide whether to take out the rest of the storm sash on windows no one ever opens in summertime or leave them in and get a head start for October.

It never has been clear to me why Frenchmen honor the memory of Napoleon Bonaparte, whose only enduring contribution to history was to get himself trounced by the English and the Prussians 150 years ago, thereby saving France from Napoleonic tyranny.

The best thing that happened to the auto industry was the plastics and synthetic fabrics with which auto interiors are prettied up. Even low-price models now look better than the luxury lines used to look—and stay that way longer.

Some defeats a man must bear are more humiliating than others. I have been humiliated by a tangle of ropes and pulleys on awnings put up for the first time last summer and taken down last fall by a fool who failed to take notes on the intricate arrangement.

Still Hard To Ignore

Wirtz Urges Labor Sabbaticals

By Victor Riesel

It has not been publicly reported, but Labor Secretary Willard Wirtz did tell some union people the other day that every worker in every industry should have a paid sabbatical similar to that enjoyed by teachers.

Victor Riesel

This would give each employe a full year off with pay, somewhere along the line.

Then Mr. Wirtz's built-in prudence caught up with his eloquence. "My sabbatical idea is full of bugs," said he with caution. "So it may not work."

But, he added, the time had come to have the idea discussed so middle-aged and older folks could enjoy leisure time or return to schools and universities.

Frequently it's difficult to discern where Mr. Wirtz's whimsy merges with realism. But there is no doubt that his listeners and important labor policymakers don't believe that a sabbatical is improbable or that the thought is full of bugs.

It is, in fact, one of labor's goals, though much less is said of it than of the campaign for a 35-hour week.

IT MAKES no dramatic headlines because it takes the form of longer and longer vacations. This now is the most significant common cause shared by thousands of local unions.

There is, for example, a dynamo on heels known as Harry Van Arsdale Jr., the leader of New York's Electrical Construction Workers, who startled the nation four years ago with a successful drive for a five-hour day. That made the national headlines.

When he and his union's high command signed their new contract recently, there was scarcely a note though he made a second breakthrough, this time in the field of vacations.

This is doubly significant because vacations are rare in the building and construction field. The men work as long as they can because of winter layoffs. Yet Van Arsdale won a three-week annual vacation for those of his people who have been in the industry for 20 years.

UNPRECEDENTEDLY the men get credit for time they put in at shipyards during the big war, or at defense installations, and in the armed services. They also receive seniority credit for the time worked in any part of the country in the employ of any electrical contractor.

For the moment the dramatic impact won't be felt. But this is the beginning. Now Van Arsdale plans to cut down the length of time a man will have to spend field in order to qualify for a vacation from the firm which employs him.

At the same time the vacation time will grow longer and longer—and this is in a field where vacations have been virtually non - existent. Remember Van Arsdale is the man who put the New York City electrical contracting industry on a 25-hour week.

IN OTHER FIELDS, one-month to three - month vacations are the norm. One union in the maritime field has won a six months' holiday for its members.

Labor technicians everywhere are working on vacation patterns which in a decade will be sabbaticals, not quite the length of the teachers' but certainly beginning to edge in on them.

This definitely will not mean that the Van Arsdales or the George Meanys will give their shorter-work-week drive a holiday. Indeed, there is nothing sacred even about the 35-hour week.

The same day Wirtz spoke of sabbaticals for all, Meany said:

"We must immediately go to a 35 - hour week. And in a few years from now the 35-hour week will not be short enough."

ALREADY there are rumblings from influential labor circles seeking a four-day week of 32 hours and less.

Though statements and actions in these directions were noticeable to the insider during this past week, they were not mere spring fever symptoms.

Though unobserved, they are the crackling drives inside labor.

U.S. And Foreign Aid

By James Marlow

WASHINGTON

Some senators and representatives will now knock their heads together over foreign aid. Out of this may come something more imaginative and practical than this country has seen in years.

Except for its part in World War I, and some spurts afterwards, this country stuck to its ancient isolationism until, for sheer survival, early in 1941 it began helping the foes of fascism with lend-lease.

This truly got it involved in World War II and before the year was out the United States was all the way in.

President Harry S. Truman ended lend-lease right after the war but this was a mistake. It deprived Europe and Asia of much-needed help when nations there were flat on their backs.

The United States extended various kinds of help but in 1948 set forth on a worldwide program of help. Altogether since the war this country has handed out over $1000 billion in foreign economic and military aid.

Undoubtedly this blood transfusion, plus American military might, stopped the march of communism to which chaos and poverty are a "come on in" sign. But as the years passed there was growing American discontent about this aid.

It wasn't always successful, as Viet Nam shows.

Starting there more than 15 years ago, when the French were fighting the Vietnamese Communists, this country has put about $5 billion in economic and military aid into the country. And the result isn't pretty.

The guerrillas and Communists there are stronger than ever.

Out of all this foreign aid, unmatched in the history of the world, the United States threw off its isolation and at once became the leader of the non-Communist part of the earth.

But — the United States is a newcomer on the international scene with perhaps no more than 25 years of experience in deep involvement with countries everywhere.

So, because it is just a beginner with no more than a quarter of a century in distributing aid, it would seem time for a good, stiff look on how it has been doing and where it is going in this field.

The Senate thinks so. When it passed the foreign aid authorization bill this week it proposed ending the program in its present form in two years, with a 16-member special commission created to investigate the program and make recommendations on future aid.

This is a combination of self-examination and inventory. But the House, which passed its own version of the foreign aid bill earlier, didn't go for the soul-searching the Senate sugggests.

Before that can happen the House will have to agree to the Senate idea. It may not. The two houses have some other differences which they must compromise before the foreign aid billl gets final approval.

One thing which seems necessary, even if the commission proposal is abandoned, is more certainty that U.S. aid will be spread among the people of backward countries to improve their lives and give them a reason for being non-Communist rather than the other way around.

Wavering Morale

By David Lawrence

U.S. Soldiers Protect Free People Of World

There was an art festival at the White House on Monday. It took the time and attention of the President of the United States. The occasion had a praiseworthy purpose but there is something far more important which needs the time and attention of the nation's chief executive right now. It's the wavering morale of the parents and relatives of the more than 50,000 American boys who are fighting the war in Viet Nam.

David Lawrence

These families cannot know what is going on in the jungles of Viet Nam just by reading the newspapers, and naturally little mention of individuals is made unless there are casualties. Meanwhile, what the critics are saying, both here and abroad, is widely publicized. The impression is given that it's a useless war and that the lives of the American boys are being sacrificed in vain.

The real truth, however, is that the Americans in Viet Nam are performing a service not only for the 190 million people in the United States, but also for the hundreds of millions of human beings in other countries who are being protected against a nuclear war because of the steadfastness and resoluteness of America's armed forces.

PRESIDENT JOHNSON is conscious of the worries and anxieties of the families of the Americans who are in Viet Nam. He admitted on Tuesday that he had a difficult time replying to a letter from a mother whose son was enroute to Viet Nam.

He said he told her the nation's liberty and freedom are so precious that her son's service is needed in Viet Nam but there has not yet been a definitive declaration telling the parents and relatives of the members of the armed forces of the United States why the mission in Southeast Asia is so vitally important.

President Johnson could readily dramatize at a ceremony in the White House the reasons why American troops are in Viet Nam. A delegation of parents of soldiers, airmen and sailors in Southeast Asia could be brought to the White House at government expense so that the President personally could explain the war and what it means not only to the American people but to the world as a whole.

SUCH AN OCCASION would serve also to remind the parents of many boys who have not yet gone to Viet Nam that if a crisis comes, they, too, must be prepared for the great sacrifices that are necessary to prevent a nuclear war.

President Johnson did make a generalized speech on April 7 at Johns Hopkins University in Baltimore, but what he said then about Viet Nam needs reiteration. Mr. Johnson declared:

"Tonight Americans and Asians are dying for a world where each people may choose its own path to change.

"This is the principle for which our ancestors fought in the valleys of Pennsylvania. It's a principle for which our sons fight tonight in the jungles of Viet Nam.

"Viet Nam is far away from this quiet campus. We have no territory there, nor do we seek any. The war is dirty and brutal and difficult. And some 400 young men, born into an America that is bursting with opportunity and promise, have ended their lives on Viet Nam's steaming soil.

"Why must we take this painful road Why must this nation hazard its ease, its interest, and its power for the sake of a people so far away?

"WE FIGHT because we must fight if we are to live in a world where very country can shape its own destiny, and only in such a world will our own freedom be finally secure. . . .

"Over this war — and all Asia — is another reality: the deepening shadow of Communist China. The rulers in Hanoi are urged on by Peking. This is a regime which has destroyed freedom in Tibet, which has attacked India, and has been condemned by the United Nations for aggression in Korea.

"It's a nation which is helping the forces of violence in almost every continent. The contest in Viet Nam is part of a wider pattern of aggressive purposes. . . .

"We are also there to strengthen world order. Around the globe, from Berlin to Thailand, are people whose well-being rests in part on the belief that they can count on us if they are attacked. To leave Viet Nam to its fate would shake the confidence of all these people in the value of an American commitment and in the value of America's word. The result would be increased unrest and instability, and even wider war. . . .

"We will not be defeated. We will not grow tired. We will not withdraw, either openly or under the cloak of a meaningless agreement."

The President could say a lot more at a White House ceremony and awaken an appreciation of the service being rendered by brave American boys as they risk their lives so that their families and their fellow Americans at home may be spared the horrors of a nuclear war.

Down Through The Years

From The Review Files

THIRTY YEARS AGO — The East Ohio Sewer Pipe Co.'s plant in Irondale, which had been closed since December of 1934, resumed operations after settlement of a labor dispute.

A 16-foot canoe was stolen from the home of George Cook on 3rd St., Chester.

Mrs. Even Ellis was elected president of Crescent Chapter 49, Order of Eastern Star, and Mrs. Harry Lindell vice president.

TWENTY YEARS AGO — Leonard J. Kinzel Jr. of Nevada St., Wellsville, left for the Navy Training Center at Sampson, N. Y.

A "Jaycettes" chapter was formed during a meeting at the Travelers Hotel, with 22 wives of Junior Chamber of Commerce members present.

TEN YEARS AGO — A price increase to $1.50 for haircuts in East Liverpool was authorized by members of Barbers Local 343.

Charles Morris of Chester, an employe of the Midland Works of the Crucible Steel Co., was elected commander of Chester American Legion Post 121.

Police Chief Ed Stefl termed Midland's participation in a mock atomic bomb raid a success.

SANTA MONICA, Calif. (AP) — Singer Frank Sinatra's 24-year-old daughter, Nancy, has filed suit for divorce from singer Tommy Sands.

In the Superior Court action Wednesday, Miss Sinatra charged that Sands, 28, had treated her with "extreme mental cruelty and has inflicted grievous mental suffering."

Miss Sinatra and Sands were married in Las Vegas, Nev., on Sept. 12, 1960. They have no children.

WOODSIDE, Calif. (AP)—Remember Shirley Temple, former Hollywood child star:

She watched her 17-year-old daughter, Linda Susan Black, graduate Wednesday from Castilleja High School, a private school in Palo Alto.

Purely Personal

I think high school students should learn fundamentals of electrical wiring, plumbing and central heating so they will know how to cope with problems of household maintenance in their adult years. I contend this is more important than learning how to make fudge and footstools.

It's funny how often we itsy-bitsy mice wonder how big cats grow so big and later discover to our amazement that it was done on borrowed money lent to them by other big cats, who aren't going to get it back because the cats weren't so darned big after all.

All my life I have admired people who can prop a telephone between their shoulder and their ear and keep it there while operating a typewriter. I am structurally wrong for this trick; my neck is too long. Either that or the telephone is too short.

I respect the views of doctors who say they will boycott Medicare. I respected the views of doctors who said they would boycott Blue Cross, when it was new. I do not believe doctors should treat any patient against their will, despite the fact doctors are licensed under sovereign authority, which means all of us.

I reject the idea that chronological age opens a chasm between my generation and today's college generation. The chasm is created by attitude, not age. There is deeper disagreement between college students, themselves, than between like-minded oldsters and youngsters. Call me "Sonny."

Uncertainty is what happens when you have to decide whether to take out the rest of the storm sash on windows no one ever opens in summertime or leave them in and get a head start for October.

It never has been clear to me why Frenchmen honor the memory of Napoleon Bonaparte, whose only enduring contribution to history was to get himself trounced by the English and the Prussians 150 years ago, thereby saving France from Napoleonic tyranny.

The best thing that happened to the auto industry was the plastics and synthetic fabrics with which auto interiors are prettied up. Even low-price models now look better than the luxury lines used to look—and stay that way longer.

Some defeats a man must bear are more humiliating than others. I have been humiliated by a tangle of ropes and pulleys on awnings put up for the first time last summer and taken down last fall by a fool who failed to take notes on the intricate arrangement.

Still Hard To Ignore

Wirtz Urges Labor Sabbaticals

By Victor Riesel

It has not been publicly reported, but Labor Secretary Willard Wirtz did tell some union people the other day that every worker in every industry should have a paid sabbatical similar to that enjoyed by teachers.

Victor Riesel

This would give each employe a full year off with pay, somewhere along the line.

Then Mr. Wirtz's built-in prudence caught up with his eloquence. "My sabbatical idea is full of bugs," said he with caution. "So it may not work."

But, he added, the time had come to have the idea discussed so middle-aged and older folks could enjoy leisure time or return to schools and universities.

Frequently it's difficult to discern where Mr. Wirtz's whimsy merges with realism. But there is no doubt that his listeners and important labor policymakers don't believe that a sabbatical is improbable or that the thought is full of bugs.

It is, in fact, one of labor's goals, though much less is said of it than of the campaign for a 35-hour week.

IT MAKES no dramatic headlines because it takes the form of longer and longer vacations. This now is the most significant common cause shared by thousands of local unions.

There is, for example, a dynamo on heels known as Harry Van Arsdale Jr., the leader of New York's Electrical Construction Workers, who startled the nation four years ago with a successful drive for a five-hour day. That made the national headlines.

When he and his union's high command signed their new contract recently, there was scarcely a note though he made a second breakthrough, this time in the field of vacations.

This is doubly significant because vacations are rare in the building and construction field. The men work as long as they can because of winter layoffs. Yet Van Arsdale won a three-week annual vacation for those of his people who have been in the industry for 20 years.

UNPRECEDENTEDLY the men get credit for time they put in at shipyards during the big war, or at defense installations, and in the armed services. They also receive seniority credit for the time worked in any part of the country in the employ of any electrical contractor.

For the moment the dramatic impact won't be felt. But this is the beginning. Now Van Arsdale plans to cut down the length of time a man will have to spend field in order to qualify for a vacation from the firm which employs him.

At the same time the vacation time will grow longer and longer—and this is in a field where vacations have been virtually non-existent. Remember Van Arsdale is the man who put the New York City electrical contracting industry on a 25-hour week.

IN OTHER FIELDS, one-month to three-month vacations are the norm. One union in the maritime field has won a six months' holiday for its members.

Labor technicians everywhere are working on vacation patterns which in a decade will be sabbaticals, not quite the length of the teachers' but certainly beginning to edge in on them.

This definitely will not mean that the Van Arsdales or the George Meanys will give their shorter-work-week drive a holiday. Indeed, there is nothing sacred even about the 35-hour week.

The same day Wirtz spoke of sabbaticals for all, Meany said:

"We must immediately go to a 35-hour week. And in a few years from now the 35-hour week will not be short enough."

ALREADY there are rumblings from influential labor circles seeking a four-day week of 32 hours and less.

Though statements and actions in these directions were noticeable to the insider during this past week, they were not mere spring fever symptoms.

Though unobserved, they are the crackling drives inside labor.

U.S. And Foreign Aid

By James Marlow

WASHINGTON

Some senators and representatives will now knock their heads together over foreign aid. Out of this may come something more imaginative and practical than this country has seen in years.

Except for its part in World War I, and some spurts afterwards, this country stuck to its ancient isolationism until, for sheer survival, early in 1941 it began helping the foes of fascism with lend-lease.

This truly got it involved in World War II and before the year was out the United States was all the way in.

President Harry S. Truman ended lend-lease right after the war but this was a mistake. It deprived Europe and Asia of much-needed help when nations there were flat on their backs.

The United States extended various kinds of help but in 1948 set forth on a worldwide program of help. Altogether since the war this country has handed out over $1000 billion in foreign economic and military aid.

Undoubtedly this blood transfusion, plus American military might, stopped the march of communism to which chaos and poverty are a "come on in" sign. But as the years passed there was growing American discontent about this aid.

It wasn't always successful, as Viet Nam shows.

Starting there more than 15 years ago, when the French were fighting the Vietnamese Communists, this country has put about $5 billion in economic and military aid into the country. And the result isn't pretty.

The guerrillas and Communists there are stronger than ever.

Out of all this foreign aid, unmatched in the history of the world, the United States threw off its isolation and at once became the leader of the non-Communist part of the earth.

But — the United States is a newcomer on the international scene with perhaps no more than 25 years of experience in deep involvement with countries everywhere.

So, because it is just a beginner with no more than a quarter of a century in distributing aid, it would seem time for a good, stiff look on how it has been doing and where it is going in this field.

The Senate thinks so. When it passed the foreign aid authorization bill this week it proposed ending the program in its present form in two years, with a 16-member special commission created to investigate the program and make recommendations on future aid.

This is a combination of self-examination and inventory. But the House, which passed its own version of the foreign aid bill earlier, didn't go for the soul-searching the Senate sugggests.

Before that can happen the House will have to agree to the Senate idea. It may not. The two houses have some other differences which they must compromise before the foreign aid billl gets final approval.

One thing which seems necessary, even if the commission proposal is abandoned, is more certainty that U.S. aid will be spread among the people of backward countries to improve their lives and give them a reason for being non-Communist rather than the other way around.

Wavering Morale

By David Lawrence

U.S. Soldiers Protect Free People Of World

There was an art festival at the White House on Monday. It took the time and attention of the President of the United States. The occasion had a praiseworthy purpose but there is something far more important which needs the time and attention of the nation's chief executive right now. It's the wavering morale of the parents and relatives of the more than 50,000 American boys who are fighting the war in Viet Nam.

David Lawrence

These families cannot know what is going on in the jungles of Viet Nam just by reading the newspapers, and naturally little mention of individuals is made unless there are casualties. Meanwhile, what the critics are saying, both here and abroad, is widely publicized. The impression is given that it's a useless war and that the lives of the American boys are being sacrificed in vain.

The real truth, however, is that the Americans in Viet Nam are performing a service not only for the 190 million people in the United States, but also for the hundreds of millions of human beings in other countries who are being protected against a nuclear war because of the steadfastness and resoluteness of America's armed forces.

PRESIDENT JOHNSON is conscious of the worries and anxieties of the families of the Americans who are in Viet Nam. He admitted on Tuesday that he had a difficult time replying to a letter from a mother whose son was enroute to Viet Nam.

He said he told her the nation's liberty and freedom are so precious that her son's service is needed in Viet Nam but there has not yet been a definitive declaration telling the parents and relatives of the members of the armed forces of the United States why the mission in Southeast Asia is so vitally important.

President Johnson could readily dramatize at a ceremony in the White House the reasons why American troops are in Viet Nam. A delegation of parents of soldiers, airmen and sailors in Southeast Asia could be brought to the White House at government expense so that the President personally could explain the war and what it means not only to the American people but to the world as a whole.

SUCH AN OCCASION would serve also to remind the parents of many boys who have not yet gone to Viet Nam that if a crisis comes, they, too, must be prepared for the great sacrifices that are necessary to prevent a nuclear war.

President Johnson did make a generalized speech on April 7 at Johns Hopkins University in Baltimore, but what he said then about Viet Nam needs reiteration. Mr. Johnson declared:

"Tonight Americans and Asians are dying for a world where each people may choose its own path to change.

"This is the principle for which our ancestors fought in the valleys of Pennsylvania. It's a principle for which our sons fight tonight in the jungles of Viet Nam.

"Viet Nam is far away from this quiet campus. We have no territory there, nor do we seek any. The war is dirty and brutal and difficult. And some 400 young men, born into an America that is bursting with opportunity and promise, have ended their lives on Viet Nam's steaming soil.

"Why must we take this painful road Why must this nation hazard its ease, its interest, and its power for the sake of a people so far away?

"**WE FIGHT** because we must fight if we are to live in a world where very country can shape its own destiny, and only in such a world will our own freedom be finally secure. . . .

"Over this war — and all Asia — is another reality: the deepening shadow of Communist China. The rulers in Hanoi are urged on by Peking. This is a regime which has destroyed freedom in Tibet, which has attacked India, and has been condemned by the United Nations for aggression in Korea.

"It's a nation which is helping the forces of violence in almost every continent. The contest in Viet Nam is part of a wider pattern of aggressive purposes. . . .

"We are also there to strengthen world order. Around the globe, from Berlin to Thailand, are people whose well-being rests in part on the belief that they can count on us if they are attacked. To leave Viet Nam to its fate would shake the confidence of all these people in the value of an American commitment and in the value of America's word. The result would be increased unrest and instability, and even wider war. . . .

"We will not be defeated. We will not grow tired. We will not withdraw, either openly or under the cloak of a meaningless agreement."

The President could say a lot more at a White House ceremony and awaken an appreciation of the service being rendered by brave American boys as they risk their lives so that their families and their fellow Americans at home may be spared the horrors of a nuclear war.

Weirton Steel Reaches Bond Campaign Goals

Enlisting 1,303 new employes in the payroll deduction plan for buying U.S. savings bonds, the Weirton Steel Co. division of the National Steel Corp. has achieved its goal of 50 per cent participation by the work force in systematic purchases of bonds.

The figure was revealed at a report meeting Wednesday noon at the Weirton Community Center, concluding the June savings bond campaign in the plants and offices of the company. Awards were presented five divisions for outstanding sales efforts.

C. G. Tournay, president, announced 1,303 new employe subscribers to the payroll deduction plan, for a total of 6,525 men and women in the company program.

This represents 50.1 per cent of the work force, pushing the subscription campaign "over the top." Payroll deductions per year for savings bonds now amount to $2,227,500, compared with $1,789,500 at the beginning of the drive June 6.

Elmer Rustad, national sales director of the U.S. Savings Bond Division of the Treasury Department addressed the group of 50 campaign directors and company officials at the luncheon. 46 Join In Rehearsal Of County 4-H Band

LISBON — The second rehearsal of the Columbiana County 4-H band Wednesday night at the Lisbon Grange drew 46 young musicians, 10 more than for the first practice a week earlier.

William Justice, band directo. at New Springfield, is in charge of the unit again this year. The band is open to young people over 12 years of age. It is not necessary that they be in 4-H work.

Robert Lewis, county 4-H agent, said the band is available for engagements.

More saxophone, baritone and flute players are needed to round out the band, advisers say. Practices are held from 7:30 to 9:30 p.m. each Wednesday at the grange.

Weirton Steel Reaches Bond Campaign Goals

Enlisting 1,303 new employes in the payroll deduction plan for buying U.S. savings bonds, the Weirton Steel Co. division of the National Steel Corp. has achieved its goal of 50 per cent participation by the work force in systematic purchases of bonds.

The figure was revealed at a report meeting Wednesday noon at the Weirton Community Center, concluding the June savings bond campaign in the plants and offices of the company. Awards were presented five divisions for outstanding sales efforts.

C. G. Tournay, president, announced 1,303 new employe subscribers to the payroll deduction plan, for a total of 6,525 men and women in the company program.

This represents 50.1 per cent of the work force, pushing the subscription campaign "over the top." Payroll deductions per year for savings bonds now amount to $2,227,500, compared with $1,789,500 at the beginning of the drive June 6.

Elmer Rustad, national sales director of the U.S. Savings Bond Division of the Treasury Department addressed the group of 50 campaign directors and company officials at the luncheon. He presented plaques to five company divisions which either increased their number of bond purchasers by 50 per cent or brought their total participation up to 50 per cent during the "Star Spangled Savings Plan" campaign.

The outstanding departments and the recipients of the awards on their behalf were: Strip Steel — Tom Larkin, superintendent, 54-inch Mill, 55.28 per cent participation; Tin Mill — Maurice Becker, assistant manager, 55.9 per cent; Sheet Mill—John MacDonald, superintendent, 60.8 per cent; Steubenville Plant — George Hugus, assistant manager, 50 per cent; Construction — Charles Brenneman, supervisor of engineers, 43.5 per cent.

In addition, Rustad presented a special award to Tournay on behalf of the Treasury Department for "patriotic service in support of the U. S. savings bond program."

U.S. Hinges Viet Peace Chances To War's Course

(Continued from Page 1)

American strength there to nearly 75,000 men of whom 21,000 will be ground combat personnel. Last week it was disclosed that U.S. troops will fight side by side with South Vietnamese troops when necessary.

The State Department's 13 points on peace negotiations range from direct talks with the Soviet Union and Red China to Johnson's offer last April of "unconditional discussions" to a Canadian approach to North Viet Nam last month. In the last few days the paper has been circulated to U.S. embassies abroad, evidently to arm diplomats with information to counter critics of American policy in Southeast Asia.

The document does not say with whom the United States would be prepared to negotiate, if and when peace talks can be arranged. Washington officials say privately, however, that the U.S. peace target, like its war target, is North Viet Nam, and they assume negotiations would be conducted primarily with that country and Red China.

They say the United States and South Viet Nam do not intend to negotiate directly with the "National Liberation Front" — the Communist olitical arm in South Viet Nam. But the United States would not object if "National Liberation Front" leaders were part of the North Vietnamese negotiating team.

—:—

HERE IS A SUMMARY of the 13 points covered in the 11-page State Department review of peace efforts so far:

1. The United States has held many talks on Southeast Asian problems with the Soviet Union, including the conference at Vienna in June 1961 between Presdient John F. Kennedy and the Soviet Premier at that time, Nikita S. Khrushchev. The United States hoped that the result of the Kennedy-Khrushchev agreement on Laos (a neighbor of Viet Nam) would be the neutralization of that country, but the Communist Pathet Lao backed and supported by North Viet Nam frustrated that hope.

The United States has also held a long series of talks with Red China at the ambassadorial level in Warsaw, Poland. These talks have shown the United States that Red China is not interested in any Southeast Asian settlement except one which would result in the ouster of U.S. influence from the area.

2. A 14-nation, East-West conference at Geneva in 1961-62 agreed to neutralize Laos. In line with the agreement the United States withdrew all its military advisory personnel from Laos. But Communist North Viet Nam failed to withdraw several thousand troops supporting the Pathet Lao. North Viet Nam also violated the agreement by infiltrating guerrilla fighters into South Viet Nam through jungle trails in neighboring Laos.

—:—

3. AFTER COMMUNIST military gains in Laos in early 1964, neutralist Prime Minister Souvanna Phouma called for consultations among the Geneva conference powers. The United States took part but the Communist nations refused. Souvanna Phouma's iniative was followed by proposals for meetings of various combinations of Communist and non-Communist countries concerned with the Laos crisis. Communist China and North Viet Nam blocked these moves and also prevented an International Control Commission composed of India, Canada, and Poland from carrying effective investigations in Communist-held territory in Laos. The United States still favors a new Geneva conference on Laos if the Communists will first demonstrate by action that a conference could produce results in pacifying the country.

4. Britain proposed to the Soviet Union last February a conference on the future of the International Control Commission in Laos be held by members of the commission, plus the British, Soviet and Laotian governments. Such a conference could be widened to include North and South Viet Nam, Red China and the United States with the possibility of informal Vietnamese discussions. The Soviet Union has so far not responded to the British proposal.

—:—

5. IN FEBRUARY 1964 Cambodia called for a four-power conference on its own neutrality and security, with Thailand, South Viet Nam, Cambodia and the United States participating. The United States and South Viet Nam replied favorably, but in March Cambodian leader Prince Norodom Sihanouk withdrew the proposal. This move was followed by other Cambodian conference propositions, with the United States generally favorable to a meeting. Such a conference, it was felt, could lead to talks on Viet Nam if Communist powers were included. A dispute arose, however, over whether South Viet Nam should be included, and Red China declared that only the "National Liberation Front" could speak for South Viet Nam.

6. Last August when U.S. ships were fired on in the Gulf of Tonkin off the Vietnamese coast, the United States carried its dispute with North Viet Nam to the United Nations Security Council. Both Communist China and North Viet Nam took the position that the Security Council had no competence in the Vietnamese crisis. In April this year Red China and North Viet Nam both rebuffed U.N. Secretary-General U Thant when he showed interest in visiting Peking and Hanoi for talks on Viet Nam.

—:—

7. LAST FEB. 20 Britain with U.S. support proposed a British-Soviet exploration of the possible basis of a Vietnamese settlement. The Soviets, evidently under Red Chinese and North Vietnamese pressure, declined.

8. Ex-British Foreign Minister Patrick Gordon Walker visited South Viet Nam, Cambodia, Laos, Thaliand and Burma in April to explore a possible Vietnamese settlement. He wanted to go to Red China and North Viet Nam but they declined to receive him.

9. On April 7, Johnson announced that the United States was prepared to engage in Vietnamese peace talks "unconditionally." Red China and North Viet Nam denounced his offer as a hoax.

10. On April 8the United States agreed to a proposal by 17 nonaligned nations for peace talks without preconditions. Red China and North Viet Nam rejected the proposal.

11. The Indian government has proposed cessation of hostilities in Viet Nam with boundaries to be policed by an Afro-Asian patrol force. The United States termed the proposition interesting and promised careful consideration. It is still discussing the proposal with the Indian government. Red China and North Viet Nam rejected the proposal.

—:—

12. THE UNITED STATES suspended bombing attacks on North Viet Nam May 13-17 (Prime Minister Lester B. Pearson of Canada and others had called for a pause in the air strikes to promote possible negotiations). The North Vietnamese news agency denounced the suspension as a "trick of deceit and threat." The Red Chinese news agency called it "a peace swindle."

13. A Canadian representative went to Hanoi to discuss the pause in the bombing. The North Vietnamese foreign minister told him that four conditions stood in the way of negotiations urged by the United States, Canadian Foreign Secretary Paul Martin reported. Martin decided that North Viet Nam and Communist China were not interested in peace overtures. (North Vietnamese conditions have been reported as specifying principally that the United States get out of South Viet Nam and that the Communist liberation front there handle any peace negotiations.)

Editorial Brings Jury's Dismissal

BEAVER — This week's panel of criminal court jurors was dismissed at 4 p. m. Wednesday because of a Beaver Falls News Tribune editorial Tuesday dealing with the condoning of killing.

On the bench were Judges Morgan H. Sohn, Ralph F. Scalera and Frank Reed.

As presiding judge, Sohn said, "The jurors were dismissed because there was a possibility that the court could not fairly presume the defendants could receive a fair trial.""

Judge Sohn said the editorial might influence the jurors to the extent they would not be impartial.

He said it was the duty of the court to protect the interests of all and that it was unfortunate that the editorial had been published at this time.

One jury was polled individually by Judge Reed, with four stating they had read the editorial in question.

The remaining cases on the trial list were postponed until September.

was Lt. Cmdr. Robert B. Doremus of Montclair, N.J., whose wife and children live in Wilmington, Del.

Page, who served as spokesman for the group, declined to discuss the tactics used in shooting down the MIGs.

Page also declined to say whether the missiles used were Sidewinders or Sparrows. The Phantom carries both.

He said he assumed the MIGs were North Vietnamese. The four enemy planes were silver and bore the yellow and red insignia of North Viet Nam, he said.

U.S. airmen attacking North Viet Nam last reported spotting hostile planes June 1 while bombing an ammunition dump 45 miles southwest of Hanoi. Eight MIG fighters appeared but wheeled away when the American planes started to close in on them.

On April 4, Communist MIGs shot down two U.S. F105's on a bombing raid about 65 miles south of Hanoi. A pilot of an American F100 said he believed he hit one of the MIGs in that engagement and downed it.

On April 4, four MIG17s jumped four U.S. Navy F4B planes in the Gulf of Tonkin off Red China's Hainan Island, and U.S. officials said one MIG was reported downed.

Page and Batson were flying from the carrier Midway. News of their success was flashed to Washington and U.S. Navy Secretary Paul H. Nitze radioed back congratulations "on the splashing of the first and second North Viet Nam MIGs."

A U.S. military spokesman explained that the MIG which the Navy pilot reported hitting off Hainan on April 4 was listed as a probable kill because it had only been seen to disappear into a cloud trailing smoke.

The MIGs reportedly were in a "loose trail" formation, and the two missiles from the two Phantoms hit the second and third planes in the formation.

The enemy planes were headed south, apparently trying to intercept a force of Navy fighter-bombers attacking a bridge near Thanh Hoa and the Yen Phu barracks. Other U.S. planes were attacking road traffic in the area.

The protective Phantoms normally fly some distance north of the bombers to stop any MIGs that may be sent down from the direction of Hanoi.

U.S. spokesmen said five buildings in the Yen Phu barracks area were destroyed. It has been attacked repeatedly in the past week.

Some 70 planes, including seven Vietnamese air force fighter-bombers, attacked a variety of targets, and spokesmen said all planes returned safely to their bases.

Heavy air strikes by U.S. Air Force, Navy and Marine Corps planes along with Vietnamese fighters also were made against the Viet Cong in South Viet Nam, spokesmen said.

U.S. Defense secretary Robert S. McNamara told a news conference in Washington Wednesday that 16,000 to 21,000 more American troops are being sent to Viet Nam, bringing the total here to between 70,000 and 75,000.

Tax Cut

(Continued from Page 1)

manufacturer's excise taxes on a variety of goods including appliances, radio and television sets, cameras, business machines, musical instruments and most sporting goods.

Most of the remaining excises, including taxes on theater tickets, cabaret checks and club dues, as well as the stamp taxes on real estate purchases, would go out either next Dec. 31 for Jan. 1.

The conference agreed on a schedule for automobile excise reductions slightly different from either the House or Senate versions, but did not change the provisions for the first 3 per cent cut on which the two chambers had agreed.

Under the compromise bill, the 10 per cent tax would be reduced to 7 per cent retroactive to May 15; 6 per cent effective next Jan. 1; 4 per cent Jan. 1, 1967; 2 per cent Jan. 1, 1968; and 1 per cent Jan. 1, 1969, and thereafter.

Another tax which, under the bill, would be phased out gradually, is the present 10 per cent levy on telephone service. It would be reduced to 3 per cent Jan. 1, then cut by stages to zero by Jan. 1, 1969.

manufacturer's excise taxes on a variety of goods including appliances, radio and television sets, cameras, business machines, musical instruments and most sporting goods.

Most of the remaining excises, including taxes on theater tickets, cabaret checks and club dues, as well as the stamp taxes on real estate purchases, would go out either next Dec. 31 for Jan. 1.

The conference agreed on a schedule for automobile excise reductions slightly different from either the House or Senate versions, but did not change the provisions for the first 3 per cent cut on which the two chambers had agreed.

Under the compromise bill, the 10 per cent tax would be reduced to 7 per cent retroactive to May 15; 6 per cent effective next Jan. 1; 4 per cent Jan. 1, 1967; 2 per cent Jan. 1, 1968; and 1 per cent Jan. 1, 1969, and thereafter.

Another tax which, under the bill, would be phased out gradually, is the present 10 per cent levy on telephone service. It would be reduced to 3 per cent Jan. 1, then cut by stages to zero by Jan. 1, 1969.

SENSATIONAL NEWS

It is almost a certainty that starting July 1st the 10% Excise Tax will be entirely eliminated from articles of jewelry, leather goods, handbags, etc.

BUT there is no need to put off buying that watch or diamond until July 1st. Starting today we shall pay the tax for you on any item to which it applies. Just think what that means to your pocketbook from now on — a $10.00 savings on a $100.00 item—$1.00 on a $10.00 purchase. It is the same as a big sale reducing everything by 10%. No gimmicks or misrepresentations — you just eliminate the 10% figure from the original ticket — and you have yourself a bargain!

You ask "what if the tax reduction doesn't go through on July 1st" — well, then we've goofed — but at least for the rest of the month of June YOU will be getting tremendous bargains, in addition to price slashes already made on many items.

SENSATIONAL NEWS

It is almost a certainty that starting July 1st the 10% Excise Tax will be entirely eliminated from articles of jewelry, leather goods, handbags, etc.

BUT there is no need to put off buying that watch or diamond until July 1st. Starting today we shall pay the tax for you on any item to which it applies. Just think what that means to your pocketbook from now on — a $10.00 savings on a $100.00 item—$1.00 on a $10.00 purchase. It is the same as a big sale reducing everything by 10%. No gimmicks or misrepresentations — you just eliminate the 10% figure from the original ticket — and you have yourself a bargain!

You ask "what if the tax reduction doesn't go through on July 1st" — well, then we've goofed — but at least for the rest of the month of June YOU will be getting tremendous bargains, in addition to price slashes already made on many items.

Thief Obtains $10 In Wallet

A sneak thief obtained $10 from a woman clerk's wallet in a downtown shoe store Wednesday afternoon, police reported.

Mrs. Donna Brooks, a clerk at Siff's Shoe Store on Market St., told officers the 10 $1 bills were removed from a wallet in her purse, which had been left in a cloak room near the front of the store.

The thief opened the wallet and removed the currency, evidently while the store personnel were busy with customers, she related. The theft was reported at 1:30 p. m. Patrolman Charles A. Winters investigated.

Meanwhile, a belated report was filed on an attempted burglary Tuesday at Litten Motor Sales, 433 Walnut St., owned by Harry Y. George.

A would-be intruder broke a section from a 24-x-36-inch pane of glass in a rear door, which is in Apple Alley about 100 feet south of E. 5th St.

The burglar apparently was frustrated in an attempt to reach through the opening and open the door, officers said. Police said the door was secured by a metal bolt and also held in place by a metal rack placed against it on the inside of the store.

The entry attempt apparently occurred between 11 p. m. and 2:55 a. m., police said.

Pair's Unhurt As Motorbike And Truck Hit

Two Thompson Hill youths escaped unhurt in a collision between their motorbike and a truck Wednesday at 4:25 p. m. on E. 3rd St. at Broadway, police reported.

The collision involved a 1965 motorbike operated by David Gale Maple, 17, of 1112 Vine St. and a 1963 model truck driven by James T. Hartill, 65, of General Delivery, Chester, police said. Bob Fannin, 319 Thompson Ave., was a passenger on the motorbike, officers said.

Young Maple said he was halted on E. 3rd St., attempting to turn south on Broadway, when the westbound truck swerved into his vehicle. Hartill reported as he started to pass the halted motorbike it swerved into him.

The mishap damaged the handlebar and the front fender of the motorbike and the right front fender of the truck, police said. No one was cited. Patrolman Karl Samples investigated.

Narrow pavement was blamed in part for a collision Wednesday at 5:49 p. m. on Jennings Ave. about 1,000 feet south of St. Clair Ave.

The mishap involved a 1965 model station wagon driven by Jesse Rogers, 47, of Weirton and a 1961 two-door sedan operated by Terry Lynn Cooke, 21, of Curry St.

There was extensive damage to the left side of the local woman's auto, while the left front fender, headlight and bumper were damaged on the Weirton auto, police said.

Rogers said he was driving south on Jennings and the Cooke car rounded a turn and hit his auto. The young woman said she was following a bus as she drove north about 25 miles an hour and did not know exactly how the collision occurred.

Samples, who investigated, pointed out that the Jennings Ave. stretch is "very narrow" at the point of the collision and added that it is being used as a detour route during the St. Clair Ave. rebuilding project.

Pair's Unhurt As Motorbike And Truck Hit

Two Thompson Hill youths escaped unhurt in a collision between their motorbike and a truck Wednesday at 4:25 p. m. on E. 3rd St. at Broadway, police reported.

The collision involved a 1965 motorbike operated by David Gale Maple, 17, of 1112 Vine St. and a 1963 model truck driven by James T. Hartill, 65, of General Delivery, Chester, police said. Bob Fannin, 319 Thompson Ave., was a passenger on the motorbike, officers said.

Young Maple said he was halted on E. 3rd St., attempting to turn south on Broadway, when the westbound truck swerved into his vehicle. Hartill reported as he started to pass the halted motorbike it swerved into him.

The mishap damaged the handlebar and the front fender of the motorbike and the right front fender of the truck, police said. No one was cited. Patrolman Karl Samples investigated.

Narrow pavement was blamed in part for a collision Wednesday at 5:49 p. m. on Jennings Ave. about 1,000 feet south of St. Clair Ave.

The mishap involved a 1965 model station wagon driven by Jesse Rogers, 47, of Weirton and a 1961 two-door sedan operated by Terry Lynn Cooke, 21, of Curry St.

There was extensive damage to the left side of the local woman's auto, while the left front fender, headlight and bumper were damaged on the Weirton auto, police said.

Rogers said he was driving south on Jennings and the Cooke car rounded a turn and hit his auto. The young woman said she was following a bus as she drove north about 25 miles an hour and did not know exactly how the collision occurred.

Samples, who investigated, pointed out that the Jennings Ave. stretch is "very narrow" at the point of the collision and added that it is being used as a detour route during the St. Clair Ave. rebuilding project.

Bringing Up A Family

By Dr. GARRY MYERS

Timid Girl Aided By Understanding

Suppose the little girl described in the following letter by a mother from Texas were your child. "My child is a little girl, seven and very pretty. Our problem is that she is so bashful and timid. She will hardly walk into a crowded room. She just stops and seems glued to the floor. Her shyness keeps her from letting herself go with other children and having fun. On occasions when she has let herself go she acts so much younger than the other children that they won't play with her.

Dr. Garry Myers

"She also is very nervous. She develops habits, for example: stretching her mouth, turning her neck, rolling her eyes and just wiggling. I know that I don't help matters because I am a nervous person too. I am sure I have caused her nervousness but I would like to do everything I can to help her.

—:—

"WE ARE a very happy family. My husband and I get along very well. I don't think she feels insecure. She is just average in school. Her teacher says she is capable of excellent work but she just won't concentrate and do it."

My reply in part:

I can see that you are worried about this little girl. But it is possible that you are more concerned about your own feelings in relation to her and your fears about what your adult friends think and say about her than you are about the sufferings this child herself evinces.

Your opportunities for helping her lie in the direction of managing yourself better.

When your child shows nervous habits often called ticks or habit spasms you probably glue your eyes on them and betray your discomfort. You need to work on yourself to be most poised then. The more you show concern the more frequently and intense these habit spasms will become.

—:—

YOU NEED the help of the ablest medical expert you can find and the self-discipline to follow his advice. Naturally, he will advise you never to tell her to quit "stretching her mouth, turning her neck, rolling her eyes, and just wiggling," nor ever to watch them, but to act as if you don't notice these expressions at all, or even feel worried about them.

I know this advice will be hard to follow, but if you don't, you can't hope for much improvement in your child.

Don't expect her to enter a crowded room comfortably. Protect her from such hard experience. Help her to gain social courage gradually, to have normal fun with only one child of her age at first, and with a few more later. Clearly she has not had enough play experiences with a few other children near her own age.

It could be that, because she is so conscious of how you act toward other persons, and of your discomfort when she doesn't measure up to your expectations, that she feels more shy and uncomfortable. Naturally at such time she might revert to ways of children younger than herself.

—:—

IT IS not strange, that with all her fears, she does not concentrate well at school. How could you in her place?

One thing you could do that should be more effective than any other, is to read to her every day from pictured materials she will enjoy. There is no better way to calm her down. There is no better way to help her learn to concentrate.

Let her often see you smile and laugh. Try to have fun with her and show her lots of affection. Of course, if you could find ways to help her learn to read well, she would enjoy so many more successes in the classroom.

Try to keep this in mind:

She knows how the other children respond to her. They think she is strange and queer. This feeling causes her to have more habit spasms—to stretch her mouth, turn her neck, and roll her eyes more often when she is in school or in any other group.

—:—

I DON'T believe your child's case is hopeless. With the help of your physician I do believe you are going to find ways to assist this lovely little girl to feel more comfortable in your presence and in the presence of other persons. Do try to have more good times with her.

My bulletins, "The Nervous Child," "The Child Who is Shy," "Celebrate Your Child's Successes," and "The Child Who Doesn't Concentrate," may be secured by sending a self - addressed stamped envelope to me in care of The Review.

Keep In Trim

By IDA JEAN KAIN

The Case Of The Missing Calories

Everybody loves a mystery. The popular mystery of the moment is how you can eat all you want, drink all you want, and still reduce.

Ida Jean Kain

In a detective story, the plot is always devious so as to direct attention away from the culprit by focusing the spotlight elsewhere.

In an effort to solve the mystery of what appears to be unrestricted eating on a low carbohydrate diet, I sat down with the dietitian, Col. Kathleen Creech, Chief, Air Force Medical Specialist. Together we calculated the protein, fat and carbohydrate grams in the Air Force menu for the first day, and translated grams into calories. The menu was as follows:

—:—

BREAKFAST: Melon, cantaloupe, carbo-grams, 7, calories, 35; eggs, 2, 0 and 215; grilled ham, 1½ oz., 0, and 160; white toast, ½ sl., 6 and 120; butter, 0 and 30; coffee, or tea, 0 and 25. Total carbo-grams 13; calories, 425.

Luncheon: Chopped sirloin steak, 4 oz., with cheddar cheese, 1 sl., if lean and fat meat, no carbo-grams and 440 calories; cheese, 1 slice, 1 oz., 0, and 100; lettuce and tomato, 2, and 15; with mayonnaise, 1 tsp., 0, and 35; milk, 1 cup, 12, and 160. Total carbo-grams, 14; calories, 750.

Dinner: Broth, 3, and 25; Chicken, fried, (whole breast if desired), 0 and 310; sauteed mushrooms & onions, ½ cup, 5 and 35; Asparagus spears, 6, 3 and 20; butter, 1 tsp., 0 and 35; tossed green salad (dressing not specified), 3, and 25; fresh pineapple, ½ cup, 10, and 35. Total carbo-grams, 24; calories, 520.

LOOKING at that liberal menu you would conclude it was enormously high in calories. By actual count you cannot get those calories to top 1900, even with dressing on the salad. A reducing diet for a man is 1400 to 1800 calories per day.

The solution to the case of the missing calories is simply this: When carbohydrate grams are rigidly restricted, even eating all you want, it is difficult to get the calories high. Analyzed: You want only so much protein and fat, and you can't have sweets and starches.

Tomorrow: The explanation of fast loss on low carbohydrate.

Keep In Trim

By IDA JEAN KAIN

The Case Of The Missing Calories

Everybody loves a mystery. The popular mystery of the moment is how you can eat all you want, drink all you want, and still reduce.

Ida Jean Kain

In a detective story, the plot is always devious so as to direct attention away from the culprit by focusing the spotlight elsewhere.

In an effort to solve the mystery of what appears to be unrestricted eating on a low carbohydrate diet, I sat down with the dietitian, Col. Kathleen Creech, Chief, Air Force Medical Specialist. Together we calculated the protein, fat and carbohydrate grams in the Air Force menu for the first day, and translated grams into calories. The menu was as follows:

—:—

BREAKFAST: Melon, cantaloupe, carbo-grams, 7, calories, 35; eggs, 2, 0 and 215; grilled ham, 1½ oz., 0, and 160; white toast, ½ sl., 6 and 120; butter, 0 and 30; coffee, or tea, 0 and 25. Total carbo-grams 13; calories, 425.

Luncheon: Chopped sirloin steak, 4 oz., with cheddar cheese, 1 sl., if lean and fat meat, no carbo-grams and 440 calories; cheese, 1 slice, 1 oz., 0, and 100; lettuce and tomato, 2, and 15; with mayonnaise, 1 tsp., 0, and 35; milk, 1 cup, 12, and 160. Total carbo-grams, 14; calories, 750.

Dinner: Broth, 3, and 25. Chicken, fried, (whole breast if desired), 0 and 310; sauteed mushrooms & onions, ½ cup, 5 and 35; Asparagus spears, 6, 3 and 20; butter, 1 tsp., 0 and 35; tossed green salad (dressing not specified), 3, and 25; fresh pineapple, ½ cup, 10, and 35. Total carbo-grams, 24; calories, 520.

LOOKING at that liberal menu you would conclude it was enormously high in calories. By actual count you cannot get those calories to top 1900, even with dressing on the salad. A reducing diet for a man is 1400 to 1800 calories per day.

The solution to the case of the missing calories is simply this: When carbohydrate grams are rigidly restricted, even eating all you want, it is difficult to get the calories high. Analyzed. You want only so much protein and fat, and you can't have sweets and starches.

Tomorrow: The explanation of fast loss on low carbohydrate.

British immigrants, including many from the Falkland Islands, pioneered in Patagonia, Argentina, near the end of the last century.

Republicans, Negroes Show Huge Gains In Georgia Vote

ATLANTA, Ga. (AP) — Republicans and Negroes have gained their largest representation this century in the Georgia House of Representatives as state voters completed the final stage in House reapportionment.

Although they were soundly beaten in populous Fulton County (Atlanta) in Wednesday's general election, the Republicans won 17 of 47 contested races and now hold 22 of the 205 House seats. They gained 13 over the 1964 House seating, plus two unopposed seats.

Negroes won eight seats, gaining representation in the House for the first time since 1907.

Ninety-four races were settled in primary elections and reapportionment last March under federal court order allowed 64 representatives to retain their seats without running.

After the court ruled the House had to be reapportioned on a population basis, the legislature took away the lopsided rural weight and gave urban areas a greater voice.

The biggest surprise in the election was the victory of a Negro Democrat, attorney Albert W. Thompson, over a white Republican, Dr. I. A. Maxwell Jr., in Muscogee County (Columbus). The county went heavily for Republican presidential candidate Barry Goldwater in the 1964 election.

The county also is in the district of the lone Georgia Republican in the U.S. House, Rep. Howard Callway. He won a heavy majority there in 1964.

In the only other race where a Negro was facing a white opponent, the Rev. William Holmes Borders, a Negro Republican active in civil rights, was defeated by Democrat Goodwyn Cates in Fulton County.

British War Hero, 74, Sets Record For Anti-Beatleism

LONDON (AP) — A colonel set a record for anti-Beatleism today by sending 12 medals back to Queen Elizabeth II.

Col. Frederick Wagg, 74, veteran of two world wars, joined the protest movement against the award of the M.B.E. — Member of the Order of the British Empire — to the lank-haired pop quartet.

He also resigned from Prime Minister Harold Wilson's Labor party and canceled a $33,600 bequest to it.

"Decorating the Beatles," said the colonel, "has made a mockery of everything this country stands for.

"I've heard them sing and play and I think they're terrible."

At least six holders of the M.B.E. already had mailed their insignia — a heavy silver cross — back to Buckingham Palace.

Wagg's gesture dwarfed them all. Along with protests to the queen, the queen mother and Prime Minister Wilson he sent:

The Mons Star, the General Service Medal and the Victory Medal from World War I; The North West Frontier Medal from Indian Army service between the wars; The 1939-40 Star, Battle of the Atlantic Star, North Africa Star, Defense Medal and Victory Medal from World War II; And the Belgian Order of Leopold, and the French Croix de Guerre and Croix de Resistance.

He said he sent back the foreign decorations because they were granted with royal approval. Britons may not accept foreign medals without royal permission.

The only medal he is keeping, he said, is the Croix de Lorraine which Gen. Charles de Gaulle handed to him personally after World War II.

Hundreds of letters about the Beatles award cascaded into the prime minister's office at No. 10 Downing Street and Buckingham Palace. Officials said roughly two in three opposed it — but some of the opposition came from supporters of rival pop groups.

Troops

(Continued from Page 1)

combat troops, because the Vietnamese lack the necessary reserves to effectively counter Viet Cong attacks, Gen. (William C.) Westmoreland (top American commander) has authority to send our combat troops to the assistance and support of the Vietnamese. If he didn't have that authority, a situation could arise in which very heavy loss of life could occur and in which great advantage could be won by the Viet Cong forces."

The revised total of American military personnel in Viet Nam — Army, Marines, Air Force and Navy — does not include 27 000 aboard ships of the 7th Fleet standing off the mainland. About 21,000 of the new total will be combat ground personnel, McNamara said.

This compares with a present strength of about 54,000.

The difference is equivalent to something more than a full division, which averages about 17,000 men.

But McNamara has given no indication of intending to put one or more complete divisions into Viet Nam-at this time.

The procedure so far is to utilize only elements — battalions or smaller — of Army and Marine divisions.

Out of McNamara's news conference arose the possibility that elements of an entirely new division, the formation of which he announced, might be sent to Viet Nam at some point.

He said that the Army has been authorized to organize a new airmobile division as part of its current 16-division structure. Taking the name of the old 1st Cavalry Division, the outfit will have a strength of 15,787 — and be transportable by a swarm of 434 aircraft, about four times more aircraft than a conventional division possesses.

McNamara said the division, shaping up at Ft. Benning, Ga., could be ready for deployment in eight weeks if necessary.

He preferrred not to answer a question of whether the division or portions of it would be sent to Viet Nam.

McNamara was asked how the command would be worked out if U.S. troops were sent to the assistance of endangered South Vietnamese forces.

What he described in answering seemed to be some form of a side-by-side system: "The battlefield will be split into segments and the South Vietnamese forces will operate under their own commanders in one segment and U.S. troops under their command in support of Vietnamese forces in another segment under command of U.S. officers."

Left unexplained was how the over-all joint command for an operation would be handled.

The persistent question arose about the effectiveness of air strikes against North Viet Nam.

McNamara gave a detailed run-down of targets hit and results of those strikes against highways, bridges, ammunition depots, petroleum storage dumps and troops barracks, summing up: "So I think the answer is that the attacks have been effective. They haven't stopped the flow of men and materiel.

Space Twins To Be Cited By President

WASHINGTON (AP) — America's space walker and his buddy take a walk down a famous garden path today to get medals pinned on them.

President Johnson had an engagement in the White House rose garden to honor astronauts Edward H. White II and James A. McDivitt.

The President planned to pin on their chests the Exceptional Service medals of the National Aeronautics and Space Administration. Charles W. Mathews, manager of the Gemini program office of the Manned Space Center at Houston, Tex., was to receive the same award.

White's citation said that as "the first man to engage in self-propelled extra-vehicular activity" he expanded the knowledge of space environment.

McDivitt's: "His performance as command pilot significantly extended our knowledge of man's capabilities."

Mathews was honored for "his ability to resolve the most complex technological and managerial problems."

first, a $25 bond for second and $10 savings stamps for third.

The IBOP emphasized all entrants must be registered. The registration booth will be open at the park from 11 a. m. until 3 p. m. Each entrant also will receive a gift.

Chartered buses will help carry crowds to the park from East Liverpool, East Palestine and Sebring.

In East Liverpool, buses will leave the downtown terminal at 10 a. m. and return from Meyers Lake at 6 p. m. Tickets will be on sale at the bus terminal Friday or may be purchased from bus drivers on Saturday. The round - trip price is $2.65 for adults and $1.40 for children.

In Sebring, William Hughes is in charge of arrangements for chartered buses. At East Palestine, the transportation is being arranged by Thomas Manley, president of Local 31.

The IBOP pointed out free coffee will be dispensed throughout the day from a booth set up on the midway. But the committee said no coffee will be dispensed into glass containers because of the possibility of breakage.

combat troops, because the Vietnamese lack the necessary reserves to effectively counter Viet Cong attacks, Gen. (William C.) Westmoreland (top American commander) has authority to send our combat troops to the assistance and support of the Vietnamese. If he didn't have that authority, a situation could arise in which very heavy loss of life could occur and in which great advantage could be won by the Viet Cong forces."

The revised total of American military personnel in Viet Nam — Army, Marines, Air Force and Navy — does not include 27 000 aboard ships of the 7th Fleet standing off the mainland. About 21,000 of the new total will be combat ground personnel, McNamara said.

This compares with a present strength of about 54,000.

The difference is equivalent to something more than a full division, which averages about 17,000 men.

But McNamara has given no indication of intending to put one or more complete divisions into Viet Nam at this time.

The procedure so far is to utilize only elements — battalions or smaller — of Army and Marine divisions.

Out of McNamara's news conference arose the possibility that elements of an entirely new division, the formation of which he announced, might be sent to Viet Nam at some point.

ANSWERS YOUR PROBLEMS

Dear Ann Landers: You say you go to experts in every field to help you with your answers. So why didn't you get some help with your advice to the person who wanted to know why women's feet hurt all the time?

If somebody wrote to you and said his head hurt all the time would you tell him to rub some cream on it and buy his hats one size larger? Well, when you told the person who wrote about women's feet that the cure was to massage the feet with cream and to buy bigger shoes, I almost dropped my teeth in the coffee cup.

If you do not limit your practice of medicine to feet, Ann Landers, perhaps you can tell me why I have had a severe pain in my left arm for two weeks. I would like to save the price of a visit to the doctor's office. — CRITICAL CALVIN.

-:-

Dear Critical: I must have grabbed you right in the heel, Achilles.

When a reader writes to me and complains of pain I always suggest he see a doctor. This reader asked a general question, however. He wanted to know why so many gals suffer from barking dogs. My reply was equally general. I suggested that if more women bought shoes that fit properly their feet would not hurt. If one woman wrote and said, "My feet ache," I'd say, "See a doctor."

Cheaters Find Way

Dear Ann: I've learned quite a few things from reading your column and now I want to offer a few words, which might be of help to someone else. The subject: "Wives Who Keep an Eye on Their Husbands."

If there was ever a waste of time, girls — this is it. I learned from experience that if a man wants to cheat he'lll find a way. If you watch him you'll only force him to figure out a way to outsmart you. And he'll do it.

My husband was a jazz musician — and very handsome. The girls fell for him like crazy. I used to go along on jobs to keep an eye on him. Well, he didn't date anybody after he finished playing, but I later learned he faked dental appointments and eye doctor appointments, invented a sick buddy in a sanitarium and lied about afternoon benefits at children's hospitals.

Finally he got me a part-time job as an usherette in a movie house so he could have the apartment to himself from 2 to 6 p.m. That's how I caught him.

Take it from me, girls, if a guy is decent you don't have to watch him. If he needs to be watched he isn't worth living with. — BATTLE SCARRED.

-:-

Dear Scarred: Thanks for your excellent letter. Your advice also holds true for men who watch their wives.

Silent Soloist

Dear Ann? I'm 13 years old and everyone says I have a beautiful voice. Even the choir master says my voice is lovely.

I want to be a professional singer but I have a problem. Every time I'm asked to sing a solo in church I get so scared I can't make a sound. I stand there with my mouth open and nothing comes out. It's like my vocal cords are missing.

What good is a beautiful voice if nobody can hear it? How can I get over this? — NERVOUS NIGHTINGALE.

-:-

Dear N.N.: It is not unusual even for the most experienced artists to be a bit nervous but you sound like a basket case, kiddo.

The experts say the way to combat ordinary stage fright is to take a deep breath and plunge ahead. And don't become unglued by a bad beginning. Keep telling yourself it's going to get better. If it doesn't get better, I suggest another profession.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Sirianni was treated at Salem Central Clinic for multiple abrasions of the face, neck and right arm, lacerations of the face and contusions of the chest. Police said his car was heavily damaged.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: For health reasons, I have to trim off every bit of fat from all meats.

In certain cuts of meat like lamb, pork or veal chops, that means completely severing the little tip which sometimes has several bites of meat.

After cutting off all the fat, I slit the chop to the bone, (as one does to stuff them), stuff in the little lean bits of meat, and secure with a toothpick—slant-wise so as not to interfere with cooking.

The chop is thicker, and there is absolutely no waste.

MRS. ROY C. JEFLEBOWER.

DEAR HELOISE: I have read many hints in your column regarding rolling pins . . . I have another.

At my bridal shower, I was given a rolling pin which had been autographed (with a ballpoint pen) by all guests present. It was later varnished and presented to me.

I will always cherish it as a lovely remembrance of that happy day!

MRS. JAN SCAMINACI.

-:-

DEAR HELOISE: I was making a burlap tote bag and going crazy trying to handle the curved seams.

My husband suggested taping the edges of the burlap with mending tape, and it worked beautifully . . .

No fraying of the fabric or my nerves!

PATI.

DEAR HELOISE: Here is a hint for mothers when washing baby's booties or small stockings:

I keep a box of safety pins next to the bassinet, and when I undress baby, I take the socks or booties and pin them together at the toe, then pin them to the baby's kimona, blanket or terry outfit.

It may seem a little troublesome at first to pin the stockings in this way, but when you think of the time saved in trying to find those little objects after washing, I think it is well worth a few extra seconds.

KAREN.

Letter Of Laughter

DEAR HELOISE: As a retired man, I have time to read everything in the daily paper . . . but your column is a must, if time is too short to read everything.

I have read with interest the many suggestions for using the plastic covers on coffee cans.

Has anybody ever suggested the idea to put the covers back on the can again to keep the coffee fresh???

I have found this to be a very good use for the covers!

BUTCH.

DEAR HELOISE: I dreaded having to take down my perfectly clean drapes for pressing after my little angel crumpled a few spots while looking out the window.

I wrapped a small magazine in a heavy towel, held it behind the material, and ironed the wrinkles away.

Good as new with hardly any bother.

A FOLLOWER.

-:-

You signed your letter, "A follower" but, honey, you're a "leader"!!

HELOISE.

DEAR HELOISE: We travel a lot and I have discovered that by taking a night-light along, it will make a hotel or motel room light enough to see without groping around in the dark in unfamiliar surroundings, but there will not be enough light to keep you awake.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: For health reasons, I have to trim off every bit of fat from all meats.

In certain cuts of meat like lamb, pork or veal chops, that means completely severing the little tip which sometimes has several bites of meat.

After cutting off all the fat, I slit the chop to the bone, (as one does to stuff them), stuff in the little lean bits of meat, and secure with a toothpick—slant-wise so as not to interfere with cooking.

The chop is thicker, and there is absolutely no waste.

MRS. ROY C. JEFLEBOWER.

DEAR HELOISE: I have read many hints in your column regarding rolling pins . . . I have another.

At my bridal shower, I was given a rolling pin which had been autographed (with a ballpoint pen) by all guests present. It was later varnished and presented to me.

I will always cherish it as a lovely remembrance of that happy day!

MRS. JAN SCAMINACI.

-:-

DEAR HELOISE: I was making a burlap tote bag and going crazy trying to handle the curved seams.

My husband suggested taping the edges of the burlap with mending tape, and it worked beautifully . . .

No fraying of the fabric or my nerves!

PATI.

DEAR HELOISE: Here is a hint for mothers when washing baby's booties or small stockings:

I keep a box of safety pins next to the bassinet, and when I undress baby, I take the socks or booties and pin them together at the toe, then pin them to the baby's kimona, blanket or terry outfit.

It may seem a little troublesome at first to pin the stockings in this way, but when you think of the time saved in trying to find those little objects after washing, I think it is well worth a few extra seconds.

KAREN.

Letter Of Laughter

DEAR HELOISE: As a retired man, I have time to read everything in the daily paper . . . but your column is a must, if time is too short to read everything.

I have read with interest the many suggestions for using the plastic covers on coffee cans.

Has anybody ever suggested the idea to put the covers back on the can again to keep the coffee fresh???

I have found this to be a very good use for the covers!

BUTCH.

DEAR HELOISE: I dreaded having to take down my perfectly clean drapes for pressing after my little angel crumpled a few spots while looking out the window.

I wrapped a small magazine in a heavy towel, held it behind the material, and ironed the wrinkles away.

Good as new with hardly any bother.

A FOLLOWER.

-:-

You signed your letter, "A follower" but, honey, you're a "leader"!!

HELOISE.

DEAR HELOISE: We travel a lot and I have discovered that by taking a night-light along, it will make a hotel or motel room light enough to see without groping around in the dark in unfamiliar surroundings, but there will not be enough light to keep you awake.

Dodgers Shade Giants, 2-1; Pirates Outlast Cards, 10-9

Reds Whip Mets, 8-4; Astros Win

By MIKE RATHET
Associated Press Sports Writer

Maury Wills and Sandy Koufax of the Los Angeles Dodgers have put themselves into position to knock two guys out of the record book—Maury Wills and Sandy Koufax.

Wills singled twice, stole second twice and rode home on singles by Jim Gilliam twice while Koufax limited San Francisco to six hits and struck out eight as the National League leaders edged the Giants 2-1 Wednesday night.

The performances left Wills well ahead of the pace he set when he stole a record 104 bases in 1962, and kept Koufax out front of the pace he set when he established a strikeout record for left-handers by fanning 306 in 1963.

Wills now has stolen a major league-leading 41 bases in 62 games and is 16 games ahead of his own pace. In 1962, he did not pilfer his 41st base until the Dodgers' 78th game.

Koufax, meanwhile, brought his strikeout total to a major league-leading 135 for his first 15 appearances. In 1963, Koufax did not chalk up his 135th strikeout victim until his 18th time out.

The Dodgers' victory boosted their first-place edge over Milwaukee to 3½ games as Philadelphia knocked off the Braves 6-2 behind the hitting of rookie catcher Pat Corrales.

Elsewhere, Pittsburgh outlasted St. Louis 10-9, Cincinnati belted the New York Mets 8-4 and Houston ended an eight-game losing streak by edging the Chicago Cubs 3-2 in 13 innings.

In the American League, the Chicago White Sox defeated Minnesota 3-1, Detroit downed Boston 9-4, Cleveland blanked Washington 5-0, Baltimore beat the New York Yankees 5-1 and the Los Angeles Angels swept a doubleheader from Kansas City 7-1 and 5-4.

Wills legged out an infield hit in the fifth inning, stole second and scored on Gilliam's single, then the duo did a repeat for the winning run in the seventh inning off Bob Shaw after the Giants had tied the score.

Koufax, 10-3, was touched for a run in the top of the seventh when Willie Mays tripled and Jim Hart singled, but held on to whip the Giants for the first time since 1963.

Corrales, called up from Arkansas of the Pacific Coast League last Sunday, stroked three hits, including a two-run homer in the third inning that triggered a decisive five-run outburst for the Phillies. Corrales now has five hits in seven trips to the plate.

Jim Bunning brought his record to 6-5, keeping nine Milwaukee hits well scattered while striking out 10.

The Pirates used 23 players — all but pitchers Bob Veale and Don Cardwell — before finally subduing the Cardinals on Willie Stargell's three-run homer in the ninth.

It was Stargell's 14th of the season and followed a dropped third strike by Tim McCarver that enabled Bill Virdon to reach base and an error by Jerry Buchek on Manny Mota's grounder.

Leo Cardenas hit two homers in a single game for the first time in his six-year major league career and Jim O'Toole, a 17-game winner last season, won his first game in six decisions as the Reds downed the Mets.

The Astros broke a runless streak of 33 innings in the third inning, tied the Cubs 2-2 on Walt Bond's run-producing single in the sixth and won it the 13th on a double by Joe Morgan, a walk to Bond and a single by Bob Aspromonte.

Palmer And Nicklaus Lead Field Into U. S. Open Play

ST. LOUIS (AP) — Arnold Palmer appeared to be more concerned about his caddy's welfare than he was about Jack Nicklaus today when he set out in quest of the U.S. Open Golf Championship.

The Open is one of the four major tourneys that support Palmer's throne as this country's premier golfer, a position that is shaky and insecure in the face of the challenge by the bull-strong 25-year-old from Columbus, Ohio.

Palmer, however, mentioned Nicklaus not at all and his caddy several times after his final preparations over the vast, rolling acres of the Bellerive Country Club course, at 7,191 yards the longest ever for an Open.

"I hope he makes it," Palmer grinned. "He's a kind of skinny kid." The caddy is Jack Wallace, a lanky, 15-year-old who is greatly impressed with his good fortune.

Palmer's first act after sizing up his caddy was to strip his bag. He discarded a No. 4 wood and at least three irons then had the boy heft it.

"How's that?" he asked. "Too heavy? Lemme see what else I've got in there."

But underlying his casual banter is the certain — though unspoken — knowledge that he desperately needs to win this 65th Open; that he needs not only to finish higher than tourney favorite Nicklaus but win the whole shooting match.

The last year and a half has been a continuing frustration for the powerful, Ligonier, Pa., master — he has won only once in a year — but he mentions it only obliquely.

"My game is not as good as it has been," he said, "but it's better than it has been recently. It still needs a lot of work.

"But," almost defensively, "it's not that bad, hasn't been for about a year. I'm just finishing second instead of first, that's all. Second four times in a row."

One of the seconds was a tie with Gary Player, nine strokes back of Nicklaus' record-shattering 271 victory in the Masters, a triumph so overwhelming that many feel it vaulted the bulky blond to the No. 1 position held by Palmer for many years.

The victory also triggered his drive toward a professional grand slam — winning the Masters, Open, British Open and PGA in a single year. It's never been accomplished.

"I need to win one real bad," Palmer admitted.

Softball Twin Bill Captured By Scafide's

Scafide's Market won both ends of a twin bill from Gallagher's Market, 7-2 and 9-2, Wednesday night in the Chester Softball League at City Park.

Howard Wilson allowed only three hits in the first game while Scafide's hammered 11 safeties. Wilson aided his own cause with two hits while Al Dawson walloped a home run and a double and Bill Hulmes stroked a pair of singles.

In the second game, two singles coupled with a triple and an error produced three runs for Scafide's in the third and they came back with five more in the fifth. Stillwagon laced a triple and a single and Chick McMillan a brace of singles. Blaine Clendening led the losers with three safeties.

Hancock County Savings & Loan will meet Globe Brick in a single game tonight at 7.

Central Wins Behind Hall

Skip Hall limited Riverview Florists to four hits and struck out 10 as Central Service won the Colt League game Wednesday, 3-2. Pancake was the loser.

Riverview broke on top in the first inning with a run, but Central bounced back with a pair in the second, and then produced the decisive run in the fifth. The Florists picked up their second tally in the top of the sixth.

Brewer nicked Pancake for two singles to lead Central at the plate. Burlingame contributed a two-bagger. Goodballet pounded a triple for the losers.

World Book, Ferro-Louthan, Hookstown Win In Softball

World Book & Bible swamped Scafide's, 14-2, and Ferro-Louthan nosed out Harmony Bar, 15-12, in a free-scoring affair in the City Slow Pitch Softball League Wednesday.

Len Tevis had a perfect day at the plate for World Book, including a triple, a double and two singles. John Silva rapped a pair of doubles and a single, George Welch a double and two singles and Rick Peters a double and two singles. Lacey was the winning hurler.

Shorty Simms collected four hits for Ferro-Louthan while John Creaturo and Dave Watkin had three and Loren Gridden crashed a home run. Jack Canton was on the mound.

Clay Diamond ripped a home run and two singles for Harmony Bar and A. Johnson smacked three singles. Bud Boley took the setback on the mound.

In another game, Hookstown walloped Dude's Barbers, 18-6, behind Joe Rosak. Chuck Schmidt hammered a home run for Hookstown off the delivery of Bob Calhoun, the losing pitcher.

Needham Shines On Mound, At Bat For Salineville Nine

Kim Needham of Salineville notched his name in the HIH Junior League record books Wednesday when he pitched and batted the Salineville Chiefs to a 5-2 victory over the Hammondsville Yanks.

Needham twirled a no-hitter and struck out 18, but his own wildness robbed him of a shutout. He walked five in one inning. In addition to his brilliant mound chore, the youngster blasted a home run. Mark Grafton suffered the defeat.

Highlandtown's Colts humbled the Highlandtown Rebels, 24-5, as Kim Boyd smashed a pair of homers, one coming with two aboard. Bobby Boyles hurled for the Colts and Brad McElroy for the Rebels.

Highlandtown's Apaches beat the Irondale Indians, 16-10, with Vince Crist pitching for the winners and Don Elvert for the losers.

NCAA Track Meet Opens

BERKELEY, Calif. (AP) — Nobody mentioned the word favorite much today as the National Collegiate Athletic Association's track and field championships opened at California's Edwards Field.

There were nearly 500 athletes on hand representing more than 125 colleges and no team nor individual could be considered an out-and-out choice to win.

This included the six defending champions from 1964 who are back this year.

Today's schedule was largely limited to qualifying trials with only one final — the six-mile run. On Friday there'll be finals in the hammer throw, broad jump, shot put, steeplechase, 100 and high hurdles with all other finals on the 20-event slate on Saturday.

Coach Yogi Berra's contract with the New York Mets runs through the 1966 season.

Chisox Hand Pascual First Loss

Tigers' Horton Hot At Bat; Tribe's Tiant Has 1-Hitter

By JIM HACKLEMAN
Associated Press Sports Writer

C'mon, William Wattison Horton, this is getting monotonous.

You drive in four runs, three on a clinching homer, and Detroit wins Saturday. Then you get two more RBI on a homer and double and the Tigers win again Sunday. Then it's another decisive three-run homer and another victory Tuesday.

And Wednesday night you lead the Tigers to their fourth straight — 9-4 over Boston — with four runs knocked in with a homer, double and single.

That's four homers, 14 RBI and seven hits in 14 trips through the four games. That brings Willie Horton's American League-leading homer total to 15, his RBI total to 46, and his batting average to .363.

That kind of monotony Horton and the Tigers can stand.

While Willie was devastating the slumping Red Sox, the Chicago White Sox climbed to within a half game of first-place Minnesota by handing Camilo Pascual his first loss, 3-1; Cleveland beat Washington 5-0 on Luis Tiant's one-hit pitching and Leon Wagner's batting; Baltimore trimmed the New York Yankees 5-1 with a spree of early homers; and Los Angeles knocked off Kansas City twice, 7-1 and 5-4.

Detroit pulled out its game against Boston with five runs in the last of the seventh inning, two scoring on Horton's double. The bulky slugger added a two-run homer in the ninth as Boston lost its sixth straight and ninth in the last 10.

Mickey Lolich blanked the Red Sox until the seventh, then was knocked out in a four-run rally that included Carl Yastrzemski's homer with two on. Detroit reliever Fred Gladding picked up the victory while Bob Duliba was charged with the loss.

Washington's only hit off Tiant was Woodie Held's single leading off the seventh. Wagner, meanwhile, drove in four of the Indians' runs with a three-run homer off loser Phil Ortega in the fourth and a single in the ninth.

The White Sox chased Pascual, winner of his first eight decisions, with a three-run fourth after the curve-balling Cuban had allowed only a scratch single by Floyd Robinson over the first three innings.

Robinson started the Chicago uprising with a single, Pete Ward doubled, and they scored on singles by J. C. Martin and Ron Hansen. Pascual's bases-loaded walk to Smoky Burgess forced in the third run.

John Buzhardt, 6-1, was the winner with late relief from Ed Fisher.

Jerry Adair, Sam Bowens and Jackie Brandt socked Al Downing for homers in the first three innings and the Orioles coasted in against the Yankees. Adair added a two-run double in the ninth for his third hit.

Lefty Dave McNally posted his first victory in five decisions with the Yanks, scattering six hits in eight innings. Dick Hall held New York in the ninth.

George Brunet threw a five-hitter and struck out nine in the Angels-Athletics opener and Joe Adcock, who drove in two runs with two doubles in the first game, clinched the nightcap with a homer in the sixth inning.

Dean Chance, Cy Young Award winner as the majors' top pitcher last year, started the second game for the Angels but was ineffective again — and lasted only until the fifth.

In the American League, the Chicago White Sox defeated Minnesota 3-1, Detroit downed Boston 9-4, Cleveland blanked Washington 5-0, Baltimore beat the New York Yankees 5-1 and the Los Angeles Angels swept a doubleheader from Kansas City 7-1 and 5-4.

Wills legged out an infield hit in the fifth inning, stole second and scored on Gilliam's single, then the duo did a repeat for the winning run in the seventh inning off Bob Shaw after the Giants had tied the score.

Koufax, 10-3, was touched for a run in the top of the seventh when Willie Mays tripled and Jim Hart singled, but held on to whip the Giants for the first time since 1963.

Corrales, called up from Arkansas of the Pacific Coast League last Sunday, stroked three hits, including a two-run homer in the third inning that triggered a decisive five-run outburst for the Phillies. Corrales now has five hits in seven trips to the plate.

Jim Bunning brought his record to 6-5, keeping nine Milwaukee hits well scattered while striking out 10.

The Pirates used 23 players — all but pitchers Bob Veale and Don Cardwell — before finally subduing the Cardinals on Willie Stargell's three-run homer in the ninth.

It was Stargell's 14th of the season and followed a dropped third strike by Tim McCarver that enabled Bill Virdon to reach base and an error by Jerry Buchek on Manny Mota's grounder.

Leo Cardenas hit two homers in a single game for the first time in his six-year major league career and Jim O'Toole, a 17-game winner last season, won his first game in six decisions as the Reds downed the Mets.

The Astros broke a runless streak of 33 innings in the third inning, tied the Cubs 2-2 on Walt Bond's run-producing single in the sixth and won it the 13th on a double by Joe Morgan, a walk to Bond and a single by Bob Aspromonte.

Niles Boy Leads U.S. Marbles Tournament

WILDWOOD, N.J. (AP) — Terry Ceplecci of Niles, Ohio, led the National Marbles Championships today after three days of competition.

Ceplecci had a record of 44 victories and 8 losses. The tourney runs through Friday.

Granted Scholarship

NORFOLK, Va. (AP) — Arthur Speakes of Huntington, W. Va., was granted a basketball and baseball scholarship by Old Dominion College Wednesday. He is the first Negro athlete recruited by a predominantly white college in Virginia.

Palmer And Nicklaus Lead Field Into U. S. Open Play

ST. LOUIS (AP) — Arnold Palmer appeared to be more concerned about his caddy's welfare than he was about Jack Nicklaus today when he set out in quest of the U.S. Open Golf Championship.

The Open is one of the four major tourneys that support Palmer's throne as this country's premier golfer, a position that is shaky and insecure in the face of the challenge by the bull-strong 25-year-old from Columbus, Ohio.

Palmer, however, mentioned Nicklaus not at all and his caddy several times after his final preparations over the vast, rolling acres of the Bellerive Country Club course, at 7,191 yards the longest ever for an Open.

"I hope he makes it," Palmer grinned. "He's a kind of skinny kid." The caddy is Jack Wallace, a lanky, 15-year-old who is greatly impressed with his good fortune.

Palmer's first act after sizing up his caddy was to strip his bag. He discarded a No. 4 wood and at least three irons then had the boy heft it.

"How's that?" he asked. "Too heavy? Lemme see what else I've got in there."

But underlying his casual banter is the certain — though unspoken — knowledge that he desperately needs to win this 65th Open; that he needs not only to finish higher than tourney favorite Nicklaus but win the whole shooting match.

The last year and a half has been a continuing frustration for the powerful, Ligonier, Pa., master — he has won only once in a year — but he mentions it only obliquely.

"My game is not as good as it has been," he said, "but it's better than it has been recently. It still needs a lot of work.

"But," almost defensively, "it's not that bad, hasn't been for about a year. I'm just finishing second instead of first, that's all. Second four times in a row."

One of the seconds was a tie with Gary Player, nine strokes back of Nicklaus' record-shattering 271 victory in the Masters, a triumph so overwhelming that many feel it vaulted the bulky blond to the No. 1 position held by Palmer for many years.

The victory also triggered his drive toward a professional grand slam — winning the Masters, Open, British Open and PGA in a single year. It's never been accomplished.

"I need to win one real bad," Palmer admitted.

Softball Twin Bill Captured By Scafide's

Scafide's Market won both ends of a twin bill from Gallagher's Market, 7-2 and 9-2, Wednesday night in the Chester Softball League at City Park.

Howard Wilson allowed only three hits in the first game while Scafide's hammered 11 safeties. Wilson aided his own cause with two hits while Al Dawson walloped a home run and a double and Bill Hulmes stroked a pair of singles.

In the second game, two singles coupled with a triple and an error produced three runs for Scafide's in the third and they came back with five more in the fifth. Stillwagon laced a triple and a single and Chick McMillan a brace of singles. Blaine Clendening led the losers with three safeties.

Hancock County Savings & Loan will meet Globe Brick in a single game tonight at 7.

Central Wins Behind Hall

Skip Hall limited Riverview Florists to four hits and struck out 10 as Central Service won the Colt League game Wednesday, 3-2. Pancake was the loser.

Riverview broke on top in the first inning with a run, but Central bounced back with a pair in the second, and then produced the decisive run in the fifth. The Florists picked up their second tally in the top of the sixth.

Brewer nicked Pancake for two singles to lead Central at the plate. Burlingame contributed a two-bagger. Goodballet pounded a triple for the losers.

World Book, Ferro-Louthan, Hookstown Win In Softball

World Book & Bible swamped Scafide's, 14-2, and Ferro-Louthan nosed out Harmony Bar, 15-12, in a free-scoring affair in the City Slow Pitch Softball League Wednesday.

Len Tevis had a perfect day at the plate for World Book, including a triple, a double and two singles. John Silva rapped a pair of doubles and a single, George Welch a double and two singles and Rick Peters a double and two singles. Lacey was the winning hurler.

Shorty Simms collected four hits for Ferro-Louthan while John Creaturo and Dave Watkin had three and Loren Gridden crashed a home run. Jack Canton was on the mound.

Clay Diamond ripped a home run and two singles for Harmony Bar and A. Johnson smacked three singles. Bud Boley took the setback on the mound.

In another game, Hookstown walloped Dude's Barbers, 18-6, behind Joe Rosak. Chuck Schmidt hammered a home run for Hookstown off the delivery of Bob Calhoun, the losing pitcher.

Needham Shines On Mound, At Bat For Salineville Nine

Kim Needham of Salineville notched his name in the HIH Junior League record books Wednesday when he pitched and batted the Salineville Chiefs to a 5-2 victory over the Hammondsville Yanks.

Needham twirled a no-hitter and struck out 18, but his own wildness robbed him of a shutout. He walked five in one inning. In addition to his brilliant mound chore, the youngster blasted a home run. Mark Grafton suffered the defeat.

Highlandtown's Colts humbled the Highlandtown Rebels, 24-5, as Kim Boyd smashed a pair of homers, one coming with two aboard. Bobby Boyles hurled for the Colts and Brad McElroy for the Rebels.

Highlandtown's Apaches beat the Irondale Indians, 16-10, with Vince Crist pitching for the winners and Don Elvert for the losers.

NCAA Track Meet Opens

BERKELEY, Calif. (AP) — Nobody mentioned the word favorite much today as the National Collegiate Athletic Association's track and field championships opened at California's Edwards Field.

There were nearly 500 athletes on hand representing more than 125 colleges and no team nor individual could be considered an out-and-out choice to win.

This included the six defending champions from 1964 who are back this year.

Today's schedule was largely limited to qualifying trials with only one final — the six-mile run. On Friday there'll be finals in the hammer throw, broad jump, shot put, steeplechase, 100 and high hurdles with all other finals on the 20-event slate on Saturday.

Coach Yogi Berra's contract with the New York Mets runs through the 1966 season.

Chisox Hand Pascual First Loss

Tigers' Horton Hot At Bat; Tribe's Tiant Has 1-Hitter

By JIM HACKLEMAN
Associated Press Sports Writer

C'mon, William Wattison Horton, this is getting monotonous.

You drive in four runs, three on a clinching homer, and Detroit wins Saturday. Then you get two more RBI on a homer and double and the Tigers win again Sunday. Then it's another decisive three-run homer and another victory Tuesday.

And Wednesday night you lead the Tigers to their fourth straight — 9-4 over Boston — with four runs knocked in with a homer, double and single.

That's four homers, 14 RBI and seven hits in 14 trips through the four games. That brings Willie Horton's American League-leading homer total to 15, his RBI total to 46, and his batting average to .363.

That kind of monotony Horton and the Tigers can stand.

While Willie was devastating the slumping Red Sox, the Chicago White Sox climbed to within a half game of first-place Minnesota by handing Camilo Pascual his first loss, 3-1; Cleveland beat Washington 5-0 on Luis Tiant's one-hit pitching and Leon Wagner's batting; Baltimore trimmed the New York Yankees 5-1 with a spree of early homers; and Los Angeles knocked off Kansas City twice, 7-1 and 5-4.

Detroit pulled out its game against Boston with five runs in the last of the seventh inning, two scoring on Horton's double. The bulky slugger added a two-run homer in the ninth as Boston lost its sixth straight and ninth in the last 10.

Mickey Lolich blanked the Red Sox until the seventh, then was knocked out in a four-run rally that included Carl Yastrzemski's homer with two on. Detroit reliever Fred Gladding picked up the victory while Bob Duliba was charged with the loss.

Washington's only hit off Tiant was Woodie Held's single leading off the seventh. Wagner, meanwhile, drove in four of the Indians' runs with a three-run homer off loser Phil Ortega in the fourth and a single in the ninth.

The White Sox chased Pascual, winner of his first eight decisions, with a three-run fourth after the curve-balling Cuban had allowed only a scratch single by Floyd Robinson over the first three innings.

Robinson started the Chicago uprising with a single, Pete Ward doubled, and they scored on singles by J. C. Martin and Ron Hansen. Pascual's bases-loaded walk to Smoky Burgess forced in the third run.

John Buzhardt, 6-1, was the winner with late relief from Ed Fisher.

Jerry Adair, Sam Bowens and Jackie Brandt socked Al Downing for homers in the first three innings and the Orioles coasted in against the Yankees. Adair added a two-run double in the ninth for his third hit.

Lefty Dave McNally posted his first victory in five decisions with the Yanks, scattering six hits in eight innings. Dick Hall held New York in the ninth.

George Brunet threw a five-hitter and struck out nine in the Angels-Athletics opener and Joe Adcock, who drove in two runs with two doubles in the first game, clinched the nightcap with a homer in the sixth inning.

Dean Chance, Cy Young Award winner as the majors' top pitcher last year, started the second game for the Angels but was ineffective again — and lasted only until the fifth.

Lopez Picked To Manage AL All-Stars

BOSTON (AP) — Al Lopez, manager of the Chicago White Sox, was named today to manage the American League All-Stars against the National League All-Stars at Minneapolis-St. Paul on July 13.

American League President Joe Cronin said Lopez was selected because Yogi Berra, who managed New York to the league pennant last year and who would have automatically been the All-Star manager, is no longer in the league.

Lopez, patriarch of league managers with 14 years of managerial experience, guided the White Sox to a second-place finish last year.

This will be the fourth All-Star Game for Lopez as a manager. His teams lost three previous encounters with their National League counterparts.

"I feel that Lopez earned the honor through his outstanding performance with the White Sox last season, as well as in recognition of his distinguished career as an American League manager," Cronin said in making the selection.

This marks the second year in a row that Lopez has been the All-Star manager through succession.

Lopez Picked To Manage AL All-Stars

BOSTON (AP) — Al Lopez, manager of the Chicago White Sox, was named today to manage the American League All-Stars against the National League All-Stars at Minneapolis-St. Paul on July 13.

American League President Joe Cronin said Lopez was selected because Yogi Berra, who managed New York to the league pennant last year and who would have automatically been the All-Star manager, is no longer in the league.

Lopez, patriarch of league managers with 14 years of managerial experience, guided the White Sox to a second-place finish last year.

This will be the fourth All-Star Game for Lopez as a manager. His teams lost three previous encounters with their National League counterparts.

"I feel that Lopez earned the honor through his outstanding performance with the White Sox last season, as well as in recognition of his distinguished career as an American League manager," Cronin said in making the selection.

This marks the second year in a row that Lopez has been the All-Star manager through succession.

Out Of The Air

By RICHARD DOAN

Dean Martin's Stockpile

Dean Martin, who has a variety hour to fill every Thursday night on NBC beginning in September, is taking no chances on running short of guest stars and supporting acts.

Richard Doan

With the new TV season still nearly three months away, Martin and his executive producer, Hal Kemp, already have signed up no fewer than 142 stars and acts, representing 75 per cent of the roster for the first 26 shows.

Kemp believes it represents some kind of industry record. He said he could think of no variety show having "stockpiled" talent this extensively or early.

-:-

THE PREMIERE SHOW, booked for Sept. 16, will be taped in Hollywood Saturday with Frank Sinatra, Joey Bishop, Diahann Carroll and Joey Heatherton as leadoff guest stars.

Some performers Martin has in the wings for later shows: John Wayne, Bob Newhart, Robert Goulet, George Gobel, Louis Armstrong, Mickey Rooney, Tammy Grimes, Milton Berle, Polly Bergen, Shelley Berman, Edie Adams, Eddie Albert, Bill Dana and Dorothy Louden.

Kemp said "negotiations are currently going on" to get Bob Hope and Sammy Davis Jr.

The guest roster will be SRO by September, he said.

-:-

THE TV SEASON opening next September undoubtedly will go down in history as the Year of the Peacock.

NBC's peacock of course.

Ironically, it may be its last year also, for while the ABC and CBS networks are scrounging for color symbol ideas, now that they've jumped on the color bandwagon, NBC's familiar color bird looks likely to wear out his welcome.

With all but two of NBC's prime evening series next fall coming up in color, the peacock will be fanning his tail feathers all over the place. NBC officials admit it could become monotonous.

-:-

BUT THE BIRD is rounding out 10 years' duty, and that's a pretty long run in TV terms.

NBC's "keeper of the peacock," and really its creator, is John Graham, creative director of advertising, who designed the symbol in 1956 for a promotion kit. Exactly who suggested the bird as an on - air color symbol is a detail lost in obscurity.

A survey was made of people's reactions to a peacock as opposed to a rainbow, a paint brush, the CBS eye and the NBC chimes for a color symbol. The peacock won in a walk.

"The idea," Graham recalled, "also was to get a symbol which said color even when seen in black and white. The peacock did it."

-:-

HE ADDED that it took 40 to 50 attempts to get the proper color balance in the 12-second animation. Original music was composed for the sound track. The whole thing carefully was copyrighted.

No one, Graham said, worried particularly about the superstition of bad luck associated with the peacock, but some people at NBC were at first concerned about the connotation of "proud as a peacock."

Lawrence Grossman, vice president of NBC advertising, reports that the network has resisted many opportunities to license use of the symbol for commercial products.

"We haven't wanted to risk corrupting it," he explained.

-:-

GROSSMAN disclosed that NBC now is developing a three-second color film "tag" to be run at the end of programs beginning in the fall. It will utilize the famous NBC chimes and change color on each note.

Beginning each month, all on-air promotion and trailers for NBC's 1965-66 season will be in color. The entire on-air promotion of the network's recent Gemini 4 coverage was in color.

ABC and CBS spokesmen are extremely guarded about their plans for color logotypes.

CBS has been reported seriously considering a "color girl" idea. The network also has been reputed jokingly to be thinking of a bloodshot eye symbol. A few years ago CBS employed a kaleidoscopic identification for its infrequent colorcasts.

At ABC a color symbol probably utilizing the present trade mark of the initials within a circle will be introduced in the fall.

2 More Men To Seek Offices In Townships

Two more men have filed with the County Election Board to seek township offices, boosting to 32 the number entered for spots on non-partisan ballots at the Nov. 2 general election.

The latest candidates are J. M. Ridgeway, asking a Hanover Township trustee's seat, and Robert E. Cogan, candidate for a similar office in West Township.

The filing deadline is Aug. 4 for the township aspirants, as well as for candidates for school district posts and for those seeking offices in villages under 2,000 population.

Motorist Cited After Cars Ram

A Salineville area motorist was cited on two charges after his car was involved in an accident Wednesday at 2:45 p. m. on Jefferson County Rd. 53, two and a half miles east of Bergholz. Three persons were hurt in the mishap.

The Wintersville State Highway Patrol said the crash involved cars operated by Harold E. Gossman, 21, of Salineville R. D. 2 and Leo J. Bennett, 18, of Bergholz R. D. 1.

Gossman was headed east when he pulled off the left side of the road to observe George's Lake, officers said. He later returned to the road and struck the westbound Bennett car.

Bennett suffered a cut lip. A passenger in the Bennett car, Jennie Griffith, 16, of Bergholz R. D., suffered possible back and internal injuries, while Sharon Bennett, 16, of Bergholz R. D. 1, another passenger, had right shoulder and knee injuries. They were treated at St. John's Hospital in Steubenville.

Both cars were heavily damaged.

Gossman was cited for driving left of center and for not having a driver's license.

Charles E. Spencer, 457 Mulberry St., also was fined $20 and costs when he pleaded guilty before Judge Samuel M. Chertoff on a charge of driving 75 miles an hour in a 50-mile zone.

Paul Gerald Giannone, 190 E. Main St., Salinevlile, was fined $15 and costs on a charge of driving 65 miles an hour in the 50-mile zone. The judge warned the steelworker his license will be suspended if he is cited again on the same offense. The patrol said Giannone was cited at 10:27 p.m.

William B. Mangano, 22, of St. Clair Ave. was fined $10 and costs on a charge of driving 60 in the 50-mile zone. The patrol said he was cited at 9:48.

Two others ticketed in the same check are due for Municipal Court hearings Monday.

They are Garry D. Stone, 525 W. Jefferson St., Salineville, cited at 9:55 on a charge of driving 70 miles an hour in a 50-mile zone, and Harold Nelson Kestner of Toronto, accused of driving 60 miles an hour in the 50-mile zone. He was cited at 10:07.

A Wellsville woman cited in a radar check by local police on June 2 was fined $10 and costs when she pleaded guilty to a charge of driving 42 miles an hour in a 35-mile zone on W. 8th St. She is Jeannie Pittenger, 36, of 1107 Riverside Ave., ticketed by Patrolman Charles A. Winters.

The court ordered a continuance until June 24 in the case of Ross William Lyle, 19, of 728 Oak St., cited June 8 on a charge of operating an unsafe motor vehicle and operating an auto without a license.

Lyle, cited on W. 8th St. by the patrol, had pleaded guilty to both charges on June 9 and the court had continued the hearing until today to permit him to make repairs to the auto and obtain a driver's license.

Lyle told the judge this morning he cannot take the operator's test until next Wednesday and said he has not completed repairs on the car. Continuing the case this morning, the judge also set a deadline of June 24 for repair of the auto.

William Dorsey, 515 Virginia Ave., was ordered to pay the costs in a local police case in which he was charged with driving without a license. Cited June 9, he pleaded guilty and was granted a continuance until today to obtain a new permit. Dorsey produced the permit in court this morning.

Defendant Asks 30-Day Term But Winds Up With 35

A transient got a little bonus today when he asked Municipal Judge Samuel M. Chertoff for a 30-day term in County Jail. The judge gave him 35.

Joseph A. Ryan, describing himself as a transient who "just wanders around the country," pleaded guilty to an intoxication charge filed after his arrest Wednesday night at 9:08 on Dresden Ave. Police said he was found in the doorway of a store.

"I think 30 days in the County Jail would do me good," he told the judge after pleading guilty.

Queried by the court, Ryan said he has not had a home or a job for years. The elderly man said he has an infection in his left lung and has not felt well recently.

The judge decreed a fine of $100 and costs and pointed out to Ryan that it is equivalent to a 35-day term. He said Ryan may get medical attention in the jail.

Out Of The Air

By RICHARD DOAN

Dean Martin's Stockpile

Dean Martin, who has a variety hour to fill every Thursday night on NBC beginning in September, is taking no chances on running short of guest stars and supporting acts.

Richard Doan

With the new TV season still nearly three months away, Martin and his executive producer, Hal Kemp, already have signed up no fewer than 142 stars and acts, representing 75 per cent of the roster for the first 26 shows.

Kemp believes it represents some kind of industry record. He said he could think of no variety show having "stockpiled" talent this extensively or early.

-:-

THE PREMIERE SHOW, booked for Sept. 16, will be taped in Hollywood Saturday with Frank Sinatra, Joey Bishop, Diahann Carroll and Joey Heatherton as leadoff guest stars.

Some performers Martin has in the wings for later shows: John Wayne, Bob Newhart, Robert Goulet, George Gobel, Louis Armstrong, Mickey Rooney, Tammy Grimes, Milton Berle, Polly Bergen, Shelley Berman, Edie Adams, Eddie Albert, Bill Dana and Dorothy Louden.

Kemp said "negotiations are currently going on" to get Bob Hope and Sammy Davis Jr.

The guest roster will be SRO by September, he said.

-:-

THE TV SEASON opening next September undoubtedly will go down in history as the Year of the Peacock.

NBC's peacock of course.

Ironically, it may be its last year also, for while the ABC and CBS networks are scrounging for color symbol ideas, now that they've jumped on the color bandwagon, NBC's familiar color bird looks likely to wear out his welcome.

With all but two of NBC's prime evening series next fall coming up in color, the peacock will be fanning his tail feathers all over the place. NBC officials admit it could become monotonous.

-:-

BUT THE BIRD is rounding out 10 years' duty, and that's a pretty long run in TV terms.

NBC's "keeper of the peacock," and really its creator, is John Graham, creative director of advertising, who designed the symbol in 1956 for a promotion kit. Exactly who suggested the bird as an on - air color symbol is a detail lost in obscurity.

A survey was made of people's reactions to a peacock as opposed to a rainbow, a paint brush, the CBS eye and the NBC chimes for a color symbol. The peacock won in a walk.

"The idea," Graham recalled, "also was to get a symbol which said color even when seen in black and white. The peacock did it."

-:-

HE ADDED that it took 40 to 50 attempts to get the proper color balance in the 12-second animation. Original music was composed for the sound track. The whole thing carefully was copyrighted.

No one, Graham said, worried particularly about the superstition of bad luck associated with the peacock, but some people at NBC were at first concerned about the connotation of "proud as a peacock."

Lawrence Grossman, vice president of NBC advertising, reports that the network has resisted many opportunities to license use of the symbol for commercial products.

"We haven't wanted to risk corrupting it," he explained.

-:-

GROSSMAN disclosed that NBC now is developing a three-second color film "tag" to be run at the end of programs beginning in the fall. It will utilize the famous NBC chimes and change color on each note.

Beginning each month, all on-air promotion and trailers for NBC's 1965-66 season will be in color. The entire on-air promotion of the network's recent Gemini 4 coverage was in color.

ABC and CBS spokesmen are extremely guarded about their plans for color logotypes.

CBS has been reported seriously considering a "color girl" idea. The network also has been reputed jokingly to be thinking of a bloodshot eye symbol. A few years ago CBS employed a kaleidoscopic identification for its infrequent colorcasts.

At ABC a color symbol probably utilizing the present trade mark of the initials within a circle will be introduced in the fall.

2 More Men To Seek Offices In Townships

Two more men have filed with the County Election Board to seek township offices, boosting to 32 the number entered for spots on non-partisan ballots at the Nov. 2 general election.

The latest candidates are J. M. Ridgeway, asking a Hanover Township trustee's seat, and Robert E. Cogan, candidate for a similar office in West Township.

The filing deadline is Aug. 4 for the township aspirants, as well as for candidates for school district posts and for those seeking offices in villages under 2,000 population.

Two others ticketed in the same check are due for Municipal Court hearings Monday.

They are Garry D. Stone, 525 W. Jefferson St., Salineville, cited at 9:55 on a charge of driving 70 miles an hour in a 50-mile zone, and Harold Nelson Kestner of Toronto, accused of driving 60 miles an hour in the 50-mile zone. He was cited at 10:07.

A Wellsville woman cited in a radar check by local police on June 2 was fined $10 and costs when she pleaded guilty to a charge of driving 42 miles an hour in a 35-mile zone on W. 8th St. She is Jeannie Pittenger, 36, of 1107 Riverside Ave., ticketed by Patrolman Charles A. Winters.

The court ordered a continuance until June 24 in the case of Ross William Lyle, 19, of 728 Oak St., cited June 8 on a charge of operating an unsafe motor vehicle and operating an auto without a license.

Lyle, cited on W. 8th St. by the patrol, had pleaded guilty to both charges on June 9 and the court had continued the hearing until today to permit him to make repairs to the auto and obtain a driver's license.

Lyle told the judge this morning he cannot take the operator's test until next Wednesday and said he has not completed repairs on the car. Continuing the case this morning, the judge also set a deadline of June 24 for repair of the auto.

William Dorsey, 515 Virginia Ave., was ordered to pay the costs in a local police case in which he was charged with driving without a license. Cited June 9, he pleaded guilty and was granted a continuance until today to obtain a new permit. Dorsey produced the permit in court this morning.

Defendant Asks 30-Day Term But Winds Up With 35

A transient got a little bonus today when he asked Municipal Judge Samuel M. Chertoff for a 30-day term in County Jail. The judge gave him 35.

Joseph A. Ryan, describing himself as a transient who "just wanders around the country," pleaded guilty to an intoxication charge filed after his arrest Wednesday night at 9:08 on Dresden Ave. Police said he was found in the doorway of a store.

"I think 30 days in the County Jail would do me good," he told the judge after pleading guilty.

Queried by the court, Ryan said he has not had a home or a job for years. The elderly man said he has an infection in his left lung and has not felt well recently.

The judge decreed a fine of $100 and costs and pointed out to Ryan that it is equivalent to a 35-day term. He said Ryan may get medical attention in the jail.

74 WANTED AUTOMOBILES

A A DEALER needs cars and pickups. Must be exceptionally sharp. Will pay cash or if payments too high will trade back to older model — finance balances paid off. "Say," why not trade back to one of the most economical cars in the world for approximately $1 a day. You can trade your big costly operating car for a like new Volkswagen with operating on 1c per mile, 5.3 pints of the best oil, get up to 43.2 miles on regular gas, up to 100,000 miles on your first set of tires. Make us prove it. You eliminate water pump, radiator, anti-freeze, hose, clamps, drive shaft assembly. It's a rear end air cooled engine. You can almost trade year for year for the price of power steering, power brakes, power windows, power seat, and automatic on your big costly operating car. Volkswagen has the lowest depreciation, providing you keep it sharp, highest trade in value. You pay less than $2,000 on some series. You pay less and save 50c out of every $1 when you drive a Volkswagen versus a big costly operating car. Why not join the millions of people who are driving the Volkswagen. There must be a reason. Come in, write, or call and talk to our courteous salesmen. SEE from your locality MR. CHUCK RINESTINE or MR. "SCOTTY" YOUNG. See it — Drive it — and you'll buy it. Beaver Valley Volkswagen, 294 State St., Vanport, Beaver, Pa. Your factory dealer only 20 miles from East Liverpool, Ohio on Pa. Rt. 68. 775-4550.

P. S. PARTS AVAILABLE IMMEDIATELY or on tap within 24 hours. STARTING JUNE 20TH Service almost immediately. Call Mr. Charles Coen, your local man from Wellsville and our service manager or Mr. Earl King, parts manager for more information.

74 WANTED AUTOMOBILES

A A DEALER needs cars and pick-ups. Must be exceptionally sharp. Will pay cash or if payments too high will trade back to older model — finance balances paid off. "Say," why not trade back to one of the most economical cars in the world for approximately $1 a day. You can trade your big costly operating car for a like new Volkswagen with operating on 1c per mile, 5.3 pints of the best oil, get up to 43.2 miles on regular gas, up to 100,000 miles on your first set of tires. Make us prove it. You eliminate water pump, radiator, anti-freeze, hose, clamps, drive shaft assembly. It's a rear end air cooled engine. You can almost trade year for year for the price of power steering, power brakes, power windows, power seat, and automatic on your big costly operating car. Volkswagen has the lowest depreciation, providing you keep it sharp, highest trade in value. You pay less than $2,000 on some series. You pay less and save 50c out of every $1 when you drive a Volkswagen versus a big costly operating car. Why not join the millions of people who are driving the Volkswagen. There must be a reason. Come in, write, or call and talk to our courteous salesmen. SEE from your locality MR. CHUCK RINESTINE or MR. "SCOTTY" YOUNG. See it — Drive it — and you'll buy it. Beaver Valley Volkswagen, 294 State St., Vanport, Beaver, Pa. Your factory dealer only 20 miles from East Liverpool, Ohio on Pa. Rt. 68. 775-4550.

P. S. PARTS AVAILABLE IMMEDIATELY or on tap within 24 hours. STARTING JUNE 20TH Service almost immediately. Call Mr. Charles Coen, your local man from Wellsville and our service manager or Mr. Earl King, parts manager for more information.

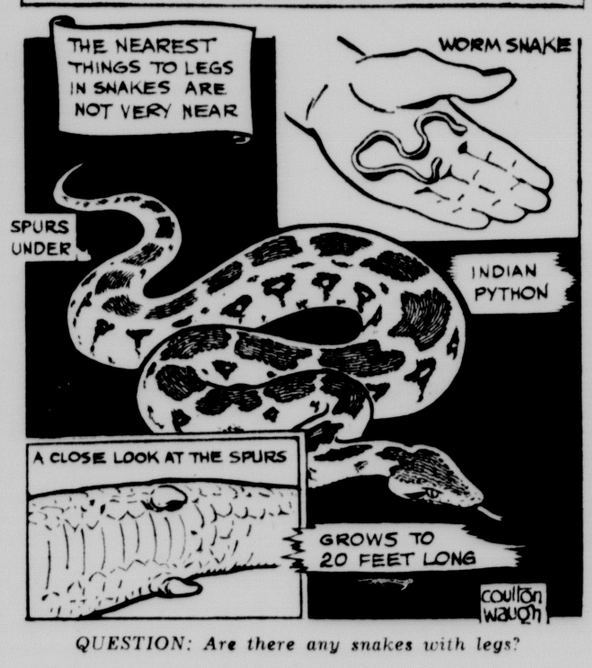
Junior Editors Quiz on SNAKES



QUESTION: Are there any snakes with legs?

★ ★ ★

ANSWER: Scientists tell us that snakes descended from the lizards, most of which have well-developed legs which they move. The snakes, however, have their own special way of getting around. They can move in a straight line by advancing their large plates underneath and then pulling back. Or they can move by undulating, throwing coils of their bodies first one way and then the other, getting a grip on the ground so the rest of the body can advance. Because they no longer need legs, say the experts, their legs have disappeared. There are a few snakes, however, in which traces of legs are still found. It seems strange that the two kinds of snake in which such traces are most definite are so different in size. One is the tiny worm snake, so small that it can be held inside a man's palm. The other is the group of snakes called boas and pythons, growing up to 30 feet long. Hind legs, in the worm snake, are clearly formed but do not extend outside the body. In the boas and pythons, however, the internal hind legs protrude through the skin in the form of a pair of stout spurs, which can be moved, even if not used by these snakes, as a way of getting around.

★ ★ ★

FOR YOU TO DO: While some snakes have at least the rudiments of legs, there are some lizards that do not have any legs. See what you can find out about this.

Position May Go To Negro

WASHINGTON (AP) — The Senate is expected to pass within a month the administration bill aimed at turning a national spotlight on city problems by creating a Cabinet-level Department of Housing and Urban Development.

If it does, Senate sources wouldn't be too surprised if President Johnson names Robert C. Weaver, a Negro who heads the Housing and Home Finance Agency, the first secretary of the new department.

This was the educated guessing on Capitol Hill in the wake of House approval of the bill Wednesday by a 217-184 vote.

Johnson has never even hinted who he would name to head the new department, which would be the 11th of Cabinet rank and the first added since the Department of Health, Education and Welfare was established by executive order in April 1953.

President John F. Kennedy, who originally suggested an urban affairs department, had announced he would name Weaver.

This was considered instrumental in House defeat of the proposal in 1962.

The bill would combine the activities of the Federal Housing Administration and the Federal National Mortgage Administration, both within Weaver's HHFA.
